800 Moroccans In Congo Being Recalled Home

Withdrawal Jolts U.N. Command's Bargaining Position

LEOPOLDVILLE, the Congo (AP)—The U.N. Congo Command bargaining position worsened today, at least temporarily, with an announcement that 800 Moroccan soldiers previously scheduled for transfer to Leopoldville would be flown home instead.

The United Nations had announced Tuesday that the Moroccans were already being flown in from Katanga Province, and observers saw them as a strengthening for the U.N. demand to return to Matadi.

Change of Orders

But today a U.N. spokesman said there had been a change of orders and the Moroccans would be flown to Morocco.

The spokesman refused to comment on reports that the Moroccans had refused to board planes to bring them to Leopoldville.

Six hundred Tunisian soldiers did arrive in Leopoldville today on schedule to reinforce the local U.N. garrison. The first of 3,000 Indian soldiers are due next week. But 400 Sudanese troops who bore the brunt of Congolese army attacks in the ports of Matadi and Banana last week are being called home.

The Congolese government today presented a five-point ultimatum to Rajeshwar Dayal, Indian head of the U.N. Congo operation, and said it must be fulfilled before U.N. forces can return to Matadi, the chief supply port from which the U.N. Sudanese garrison was expelled Sunday.

Certain to Reject Demands

The United Nations was considered certain to reject the Congolese demands, which were:

1. Dayal must be recalled and replaced by an "impartial" U.N. official. The Leopoldville government charges Dayal is opposed to it.

2. The Congolese must control the flights of all U.N. aircraft in the Congo and all river traffic.
3. The United Nations must hand over all strategic bases to the Congolese.

4. The United Nations must stage no more armed parades in Leopoldville.

5. Dayal must officially retract his "lying statements" that the Congolese fired first at Matadi and Banana.

An earlier Congolese demand for control of the strategic bases and air traffic in exchange for return of U.N. soldiers to Matadi had been termed "obviously unacceptable" by U.N. sources.

The Congolese demands were out to Dayal and Irish Gen. Sean McKeown, the U.N. military chief, by acting Premier Albert Mbumba.

U.S. Atomic Sub Rides Submerged 67 Days

HOLY LOCH, Scotland (AP)—The U. S. nuclear submarine Patrick Henry tied up in the Holy Loch today after a world record operational cruise of 66 days and 22 hours totally submerged.

U. S. Navy officials announced the record after the Patrick Henry arrived alongside her mother ship, the tender Proteus. The first sub to cruise abroad with a full load of 16 Polaris missiles, the Patrick Henry is the first of the fleet of 10 American rocket-firing subs that will use the Holy Loch as a base within missile range of the Soviet Union.

"We could remain submerged a good many weeks more," the

Patrick Henry's skipper, Capt. Harold E. Shear, told newsmen aboard the Proteus.

The atom sub's sister ship, the George Washington, held the previous record of 66 days 10 hours submerged.

Shear said he sailed the submarine from Charleston, S. C., under fully armed conditions. Asked if he expected he might get the order to "press the button"—releasing his missiles at an enemy—he replied: "We were certainly prepared for such eventualities."

Four of the six young Britons who tried to incite an anti-nuclear demonstration when the Proteus arrived last week made

another effort against the Patrick Henry.

Laurence Otter, 30, of London, came out in a canoe and three others in a rowboat. Several dozen British naval and police launches fended them off, and the demonstrators never got close enough to the submarine for any kind of incident.

The docking was watched approvingly by a few citizens of Dunoon, the Holy Loch town that has generally rejected the anti-nuclear demonstrators and accepted the base as a desirable boon to business.

The Patrick Henry will be served by the depot ship and will take on a relief crew that arrived by air last week.

Auditor Paints Bleak Picture For Council

Current Deficit Is \$24,145; Income Tax Report Not Given

Salem's financial picture continued to look more ominous to members of City Council Tuesday night as they heard the auditor's latest report revealing the city is presently operating at a deficit of \$24,145.75.

The report showed the city in debt to the tune of \$21,384.53 in the general fund as of March 1, and revealed the street construction fund operating at a deficit of \$2,761.22.

In emergency action, Council was forced to put the city further into the red by passing an ordinance authorizing the auditor, Mrs. Helen Cowne, to borrow up to \$10,000 to meet the March payroll. The money will be borrowed on notes at an interest rate of five per cent.

Council Finance Committee Chairman Fred Koenreich said "city finances have never been so bad."

He said money borrowed would be partially used to pay city employees March 15, and the remainder used for the end of the month pay if need be. However, all the money may not have to be used if the picture improves, he said.

Koenreich also said a call has been made to the county auditor to see if the city's share of county tax funds can be speeded. "The \$10,000 now being borrowed is the limit to which the city can borrow this year," he stated.

It appears as though Salem will be relying heavily on the new city income tax receipts to pull it out of debt. However, the city auditor failed to mention in the report just what the tax receipt outlook is, even after two months of the tax year have elapsed.

The auditor's report last night shows a cash balance of \$1,648.18 was on hand in the general fund Jan. 1, which, added to the \$20,315.03 taken in receipts in January and February and the \$18,000 borrowed from city banks, made a \$39,961.21 balance on receipts and loans.

However, total expenditures for the two months totaled \$37,063.96 and unpaid bills as of March 1 were set at \$24,281.78, establishing the deficit of \$24,145.75.

The street construction fund showed a \$8,032.02 balance as of Jan. 1, and total receipts received during January and February of \$7,609.68 for a total of \$15,641.70 on hand.

But expenditures of \$10,071.01 and unpaid bills as of March 1 of

Snowstorm Barrels Out Of Rockies

By The Associated Press
Another snowstorm moved out of the central Plains early today, laying a blanket of from 8 to 12 inches of new snow over parts of the upper Mississippi Valley and upper Great Lakes.

Heavy snow fell from northeast Nebraska across Iowa, Minnesota, Wisconsin, upper and lower Michigan.

South of the snowfall, freezing rain and sleet hit communities. Still farther south, rain and thundershowers dotted the landscape.

The snowstorm barreled out of the Rockies Tuesday, moving eastward through Wyoming, Colorado and Nebraska after leaving up to six inches of snow.

By early today, Mason City, Iowa had 8 inches of snow; North Platte, Neb., reported 12 inches of new snow and northerly winds of 30 m.p.h.

Two highway deaths were attributed to the storm in Nebraska. At least three tornadoes were reported Tuesday. One, in the

'You' In Community Theme Of Meeting

The individual's importance in the progress of a community was stressed Tuesday night at the annual Salem Area Chamber of Commerce dinner at the Emmanuel Lutheran Church Education Building.

Addressing the 300 persons who attended, Walter B. Null, II, C. of C. president, emphasized that community development depends primarily on the efforts of each person in the community.

Adapting his remarks to the banquet theme — "The YOU in Community," — Null stated, "We must keep unity in mind." He declared the individuals' goal must be to strive with one another for the common good.

Amplifying his remarks, George Perrault Jr., toastmaster, cited a quotation: "A Community is like a ship; everybody ought to be prepared to take the helm."

Deviating slightly from the theme, Perrault cautioned against undue pessimism about business conditions, declaring, "All must be reminded once in a while that things are not as bad as they're cracked up to be."

"If we can reinstate enthusiasm in people," he added, "we should have no reason to fear the future."

The featured speaker, Phillip Geary, world traveler, reviewed the advances of aviation from Charles A. Lindbergh to the present in his talk, "Aviation—Bridge Between Peoples."

Explaining how different ideologies, customs and business interests throughout the world have been brought into proximity through aviation, Geary declared the American people must awake to the fact that all peoples in the world are important.

As an example he cited the Tibetans whose country was overrun by the Red Chinese in 1950 while the world was preoccupied with the Korean War.

Tibet's appeal for intervention by the U.N. was shelved, he said, and in 1958 the Dalai Lama, spiritual ruler of the country, fled to India to escape capture or assassination by the Red Chinese.

In subsequent reports from the captive nation which tell of the extermination of the religious leaders by the invaders also is heard the Red Chinese boasts that India is the true objective of the Communists who now have a common frontier with that country, he warned.

The speaker told of his unique interview with the Dalai Lama in the latter's retreat in the Himalayas, and played a portion of a recording taken of the meeting.

Geary, who interspersed his

commentary with anecdotes and accounts of his experiences in the far corners of the earth, said "The major problem facing the world today is how all peoples, primitive or civilized, can live together."

He asserted America's youth will succeed in understanding other peoples where the present generation has failed. The philosophy underlying American education today, he said, is such that "an American youth in the future may go to any country, see any person and

The speaker told of his unique interview with the Dalai Lama in the latter's retreat in the Himalayas, and played a portion of a recording taken of the meeting.

Suffered Cerebral Thrombosis

Symphony Conductor Beecham Dies At 81

LONDON (AP)—Sir Thomas Beecham, 81, internationally known conductor of symphony and opera, died early today.

Beecham had been in poor health for many months, although he continued to make recordings. He died at his London home after a cerebral thrombosis.

He was Britain's greatest symphonic conductor of the 20th century and one of the world's foremost interpreters of the music of Mozart, Handel and Haydn. But he was known almost as well to music lovers for his caustic wit, sometimes shocking, usually irreverent, which infuriated or delighted his audiences.

In February 1960, while undertaking a three-month tour of America, he suffered a severe attack of virus pneumonia. He responded quickly to treatment, but it was obvious that the illness had made great demands on his strength.

Returning to Britain in April, he

JFK Pressed On Atom Tests

Indefinite Extension Of Moratorium Hit

WASHINGTON (AP)—Evidence mounted today that so far as congressional leaders are concerned President Kennedy has only a limited time in which to try to conclude an agreement with the Soviet Union barring test explosions of nuclear weapons.

The President obviously will be under very heavy pressure to resume testing of new U. S. atomic weapons later this year unless the Soviets make substantial concessions in their proposals for a test ban treaty.

Some further expressions of the administration attitude toward a new round of negotiations, starting at Geneva in two weeks, may come from Kennedy today at his weekly news conference.

The President and his top disarmament advisers conferred Tuesday at a luncheon meeting with a dozen senators and House members who are active in the disarmament field.

Disarmament adviser John J. McCloy, and Secretary of State Dean Rusk were among those who participated in the conference.

Afterward, Sen. Clinton P. Anderson, D-N. M., a member of the Senate House Atomic Energy Committee, said a majority of the committee was opposed to an indefinite extension of the moratorium on atomic weapons testing.

The moratorium has been in effect for 2½ years, beginning at the same time as U. S.-British-Soviet negotiations at Geneva on a permanent agreement enforced by an international inspection system to guard against sneak tests.

Members of the committee are reported to have emphasized to the President and other officials

Bill Would Clarify Fair Board Rumpus

By DUANE E. CROFT
Salem News Staff Correspondent
COLUMBUS—Columbiana County's representatives introduced a bill in the General Assembly Tuesday to permit members and employees of county fair boards to serve simultaneously in public offices.

They said the bill is aimed at ending confusion and quarrels arising out of conflicting opinions handed down by attorneys general.

Former Atty. Gen. William Saxbe ruled the two jobs are not in conflict, but present Atty. Gen. Mark McElroy ruled that they are. Some county officials in the state have been forced to resign from their fair board positions as a result.

The bill, co-sponsored by Rep. Clarence L. Wetzel and J. Warren Bettis, simply declares that county fair board members and employees are not public officials.

Wetzel said the law would resolve a current argument in Columbiana County over Republican Commissioner Galen Greenstein's right to serve also on the fair board. Because of McElroy's ruling, his status has been questioned by Democratic Commissioner Frank Wilson.

In other legislative action, the senate passed, 37-1, a bill sponsored by Sen. Edmund A. Sargus, D-St. Clairsville, to require the sheriff's office to transport a state prisoner who has been subpoenaed to appear in court.

At present the correctional institution must assign one of its guards to accompany the prisoner, but the expenses are paid by the county which has subpoenaed him.

44 4-H Clubs Get Awards

600 Attend Rally At Junior High Here

Forty-four Columbiana County 4-H Clubs received awards Tuesday night at the 4-H rally at the Junior High School here.

Presentations were made by Glen Bartholow, chairman of the 4-H Council, and Mrs. Steve Knizat, vice chairman, both of Salem RD.

Approximately 600 persons attended the rally, according to Joseph Burrer, county extension agent in 4-H work.

Rev. Harold Ewing of the Alliance Union Avenue Methodist Church, the speaker, told the group it takes courage to make the most out of life. He said the home, school, 4-H club and church assists youths in building for a strong tomorrow.

A candlelight service was in charge of Winona Jolly Bunch, members Janie Heinbuck and Bonnie Fleming; Highland Busybodies, Linda Wilford and Judy Aikens; and Salem Country Cousins, Bonnie Bartholow.

James Skeels, Just-Rite 4-H Club, gave highlights of the 1960 national 4-H club congress he attended.

Bob and Kathryn Batchelor, Humtownettes 4-H club presented a soft shoe dance. The Jay-A-Nets Quartette sang "Now the Day is Over," and the Franklin Junior 4-Hers band played.

Tom Rudebeck of Leetonia was the master of ceremonies.

Awards were presented to the following clubs and advisers:

Gold awards (5 years) — Butler Jolly Workers, Marylee Blasiman; Butler Sew Merrily, Mrs. C. L. Kelly, Salem, and Mrs. Gladys Boyce, Lisbon; Fairfield Homemakers 2, Mrs. Leo Zarnosky and Mrs. Harold Glickner, Columbiana and Mrs. Hugh Farmer, Leetonia.

Insurance Agent Robbed of \$400

Police continued their search today for an unidentified man who took \$400 in cash and checks at gunpoint from a Columbiana insurance agent Tuesday at 5:45 p.m. on S. Ellsworth Ave.

Harry R. Hockanson of 48 N. Pearl St., Columbiana, told police he entered his car, parked at 395 S. Ellsworth Ave., and a man, whose face was hidden with a cloth, got up from the back seat floor and demanded all of his money.

Hockanson said he turned over his billfold containing the cash and checks. Before departing, Hockanson said the robber ordered him "don't move for 10 minutes." The robber appeared to have a gun in his hand, but it was covered with cloth, the victim reported.

After the robbery, the thief ran south on S. Ellsworth Ave. and then east to the rear of the Farmer's National Bank Drive-In. Hockanson told police. He described the bandit as between 25 and 30 years old, 5-10 in height, weighing about 135 pounds, with bushy hair and wearing a black leather jacket.

Plan Opposed by Gov. DiSalle

Ohio House Showdown Due On GOP Road Fund Proposal

COLUMBUS, Ohio (AP) — A House showdown is due today on a Republican plan to siphon \$15 million a year in highway funds into the coffers of local governments to help with their road costs. Democratic Gov. Michael V. DiSalle opposes it.

The shift of funds was promised in the 1960 Republican state platform. The bill is sponsored by Rep. Gail Porterfield, R-Knox.

Despite the governor's repeated expressions of opposition because, he says, the state needs the money to help match federal contributions for highway construction, House Democrats haven't determined their stand on the issue. They plan a caucus before the bill comes to a vote.

Can Afford Help

House Speaker Roger Cloud, Logan County Republican, insists the state can afford the financial help to hard-pressed local governments and still have plenty of matching money left.

The embattled bill to extend jobless benefits on the state level, meanwhile, has hit another snag. The House has voted unanimously not to accept Senate amendments to the GOP-sponsored measure. That throws the non-emergency bill into a conference committee of the two houses which will try to resolve the differences.

An emergency federal extension bill, meanwhile, is moving apace through Congress with expectations it will be in effect by April 1. Sponsors of the state bill told the House further changes are needed in the riddled measure because both houses knocked out the emergency clause.

In the light of expected federal action, the state bill would be effective only in a future unemployment crisis. Its "trigger" clause would extend state benefits automatically any time unemployment exceeds 6 per cent for three straight months.

Efforts Appear Futile

But, since the measure also includes a number of other provisions which organized labor and Democratic lawmakers term "crippling," all the GOP efforts appear futile. DiSalle has hinted broadly at a prompt veto which Republicans in the legislature will be unable to override.

Among four bills passed by the House and sent to the Senate were measures to:

Give emergency permission to commercial game preserves to allow the shooting of quail through April 30. After a four-month break, quail shooting on such preserves could be resumed between Sept. 1 and April 30 next year.

Require the Ohio Turnpike Com-

mission to provide fire protection for turnpike facilities.

The Senate passed and sent two minor measures to the House.

One permits candidates for embalmers' examinations to take credit for university courses in lieu of a year's training in a special school for morticians. The other designates the sheriff as the responsible party in moving prisoners between jail and courtrooms.

Six Days Remaining

With six legislative days remaining before the House clamps down on the introduction of new bills, the total for both houses stands at 1,081—701 in the House and 383 in the Senate. That is an average of more than 10 for each Senate member and nearly five for each House member. Bills introduced Tuesday included measures to:

Make railroads responsible for at least 65 per cent of the cost of any grade-crossing separation if the crossing was in existence in 1939.

Increase the maximum loan a building and loan association may make on real estate.

Require drivers to keep in the right-hand lane on multi-lane highways except when passing or making left turns.

Require that the county engineer approve the legal description of a piece of real estate before the auditor can record an ownership change on his tax list.

Increases Speed Limit

Eliminate the 50 m.p.h. highway speed limit at night and make 60 m.p.h. legal, day or night.

Outlaw use of gill nets during July and August within one mile of land in the Lake Erie fishing district and reduce the legal length of commercially caught perch from 8 1/2 to 8 inches and increase the legal length on yellow pike from 13 to 14 inches.

Provide a governor - elect a Statehouse office and Finance Department assistance beginning Dec. 1 after his election.

Permit voters to adopt any one of three alternate forms of county government by majority vote.

Allow local enforcement officers to regulate shopping center traffic.

Create county turnpike commissions for private construction of toll roads.

Sen. Harry E. Schwalm, R-Fulton, came up with two proposals to amend the Ohio constitution. One would require the governor to poll the legislature in advance of a proposed special session and receive assurances from two-thirds of the members that they are willing to consider the business at hand. The other would require the governor to call a special session at the request of two-thirds of the membership of each house. Under the present constitutional provision, the governor only can call a special session and the session may consider only the matters he specifies.

Lisbon School Board Okays Appropriation of \$580,426

LISBON — Lisbon Exempted Village School Board Tuesday night approved a 1961 appropriation of \$580,426.38.

A breakdown shows: Administration salaries, \$15,780; instruction, \$311,255; coordinate activities, \$4,850; transportation, \$10,000; school plant \$25,200; special services, \$12,971; supplies \$35,150; equipment \$5,000; tracts and open order service, \$24,850; fixed charges and contributions, \$44,037.

Capital outlay, \$5,400; unanticipated fund, \$2,215.36; bond retirement, \$47,400.65 and cafeteria \$26,837.37.

Salary increases of \$300 a year were ordered for principals and a full time principal will be assigned to McKinley School beginning in September. The new teacher schedule adopted gives teachers \$100-a-year increase and \$10 per month boosts for school bus drivers.

Bids will be asked on a new 66-passenger school bus for the next school term. A 1952 bus has broken down, and the estimated cost of repair would amount to approximately \$900. The state is expected to pay 60 per cent of the total price.

Five new manual typewriters will be purchased for the commercial department at a cost of \$150, less trade-in.

The board also adopted a revised athletic policy for the coming school term.

Dr. Russell Armitage reported on the recent workshop held in Lisbon recently for Lisbon, Leontina, Columbiana and East Palestine teachers.

The new building program is on schedule, he said, and a \$350,000 bond levy will be voted on by the voters in May for construction of a 14-classroom annex at McKinley School. New equipment for the home economics room will be furnished by the Ohio Fuel Gas Co., he said.

Vouchers for bills of \$44,087

Rip Van Winkle Couldn't Sleep with Nagging Backache

Now you can get the fast relief you need from nagging backache, headache and muscular aches and pains that often cause restless nights and miserable tired-out feelings. When these discomforts come on with over-exertion or stress and strain you want relief—want it fast! Another disturbance may be mild bladder irritation following wrong food and drink—often setting up a restless uncomfortable feeling.

Doan's Pills work fast in 3 separate ways: 1. by speedy pain-relieving action to ease torment of nagging backache, headache, muscular aches and pains. 2. by soothing effect on bladder irritation. 3. by mild diuretic action, tending to increase output of the 15 million of kidney tubes.

Enjoy a good night's sleep and the same happy relief millions have for over 60 years. New, large size saves money. Get Doan's Pills today!

Sen. Kenneth B. Keating, R-N.Y., one of those who sought unsuccessfully to send Meriwether's appointment to cold storage in the Banking Committee, predicted approval of Kennedy's choice. He said it was obvious that some Democrats were reluctant but had decided to go along with their new President.

The Senate's liberals, who had led the fight against a nominee stridently assailed by Sen. Wayne Morse, D-Ore., split on the crucial vote on a motion of Sen. Jacob K. Javits, R-N.Y., to recommend the appointment to committee.

Casserole Egg Salad Adds to Friday Menu

Eggs make a good luncheon menu. The main dish, hot casserole egg salad, is a dreamy combination of hard-cooked eggs, celery, pecans, cheddar cheese and potato chips.

Green Peas a La King

1/4 cup butter, 2 tablespoons minced onion, 1/4 cup flour, 1 teaspoon salt, 1/4 teaspoon white pepper, nutmeg, 1 1/2 cups milk, 1 can (6 ounces) sliced broiled mushrooms, 1 package (10 ounces) frozen peas, 2 tablespoons thin strips pimiento, toast or patty shells.

Cook onion in butter in top of double boiler over direct heat. Stir in flour, salt, pepper and a pinch of nutmeg. Add milk and mushrooms, including liquid in can.

Cook slowly and stir constantly until thickened and at boiling point. Add partly thawed peas.

Place over boiling water in bottom of double boiler and cook, covered, until peas are just tender — about 25 minutes.

Stir a few times. Add pimiento. Serve on toast. Makes 4 servings.

Hot casserole egg salad requires six to eight eggs for four servings. The eggs can be hard-cooked a day ahead, and the salad assembled several hours before your guests arrive.

Put the casseroles into the oven the moment your last guest arrives, then handle the final steps of luncheon preparation as the guests are getting settled.

A little advance planning makes it possible to do this without remaining in the kitchen constantly.

Six to eight hard-cooked eggs, coarsely cut (reserve center slices of egg for garnish), 1 1/2 cups celery, 1/4 inch dice, 1/4 cup coarsely chopped pecans, 1 teaspoon finely chopped onion, 2 tablespoons finely chopped parsley, 1/4 teaspoon pepper, 2-3 cup salad dressing — half mayonnaise and half boiled dressing, salt and pepper to taste, 1 cup (1/4 lb.) grated Cheddar cheese, 1 cup (4 oz.) crushed potato chips.

Combine eggs, celery, pecans, onions, parsley and pepper in mixing bowl. Add salad dressing. Toss lightly to blend ingredients.

Add salt and additional pepper to taste. Divide into 4 individual 1-cup shallow casseroles. Sprinkle with cheese. Top with potato chips. Place casseroles on baking sheet and bake in moderate oven (375 deg. F.) 25 minutes or until thoroughly heated. Garnish with hard-cooked egg slices. Makes 4 servings.

Try using prune juice instead of water for braising Swiss steak. Prune juice is a real flavor booster. Good in pot roast, too.

Indian Pudding

4 1/2 cups milk, 2-3 cup enriched yellow corn meal, 2 tables p o o n s butter, 1/2 cup dark molasses, 1 teaspoon salt, 1/4 cup sugar, 1/2 teaspoon cinnamon, 1/2 teaspoon nutmeg, 1 egg (slightly beaten).

Scald 3 1/2 cups of the milk. Mix corn meal with remaining 1 cup cold milk; stirring constantly, add to scalded milk.

Cook over low heat, stirring often, until thickened — 10 to 15 minutes. Stir in remaining ingredients, in order given, so mixture will be blended.

Pour into greased baking dish (1 1/2 to 2 quarts). Bake in slow (325 degrees) oven for 1 1/2 hours. Serve warm with vanilla ice cream. Makes 8 servings.

Kale, Ham Casserole

(Yield: 4 to 5 servings)

1 1/2 pounds cooked kale, 1 teaspoon salt, 1/2 teaspoon ground black pepper, 1 cup minced ham or luncheon meat, 1 beef bouillon cube, 1-3 cup grated sharp cheddar cheese, 1/2 cup soft bread crumbs, 1 tablespoon butter or margarine, melted.

Drain kale and chop fine, saving cooking liquid for later use. Add salt and ground black pepper, mixing well. Arrange alternate layers of kale and ham in a 1 1/2-quart casserole.

Measure the kale liquid, fill to 1 cup (using hot water if necessary) and add bouillon cube.

Stir until dissolved and add to casserole. Combine cheese, bread crumbs and butter or margarine and sprinkle over the top.

Bake in a preheated moderate oven (350 degrees F.) until crumbs are brown about 20 minutes. Serve at once.

Orange Sponge Cake

1 1/2 cups sifted flour, 1 teaspoon baking powder, salt, 6 large eggs (separated), 1 1/2 cups sugar, 2 teaspoons grated orange rind, 2-3 cup orange juice.

Sift together the flour, baking powder and a dash of salt. Beat egg yolks rapidly with electric mixer until thick and lemon colored; gradually beat in sugar until ivory colored.

Beat in orange rind and juice thoroughly, then sifted flour mixture. Fold in stiffly beaten egg whites. Turn into two 9-inch layer-cake pans.

Bake in slow (325 degrees) oven 35 to 40 minutes or until top of cake springs back when lightly touched with finger.

Cool in pans placed on racks, then ease out of pans. Fill and frost as desired.

Pork Chop Casserole

6 pork chops, salt and pepper, 1 to 2 tablespoons fat, 2 cups sauerkraut (drained), 2 medium-sized apples, 1/4 cup firmly-packed dark brown sugar, 1/4 teaspoon cinnamon.

Sprinkle chops with salt and pepper and brown in hot fat in large skillet. Turn kraut into shallow

baking dish; arrange chops over kraut. Core apples but do not peel; slice thin; place over chops and kraut. Mix sugar and cinnamon and sprinkle over apples. Cover and bake in moderate (350 degrees) oven 1 hour or until chops are tender. Makes 6 servings.

Coconut Pineapple Bars

1/4 cup butter, 1 cup finely packed light brown sugar, 1/4 cup sift-

ed flour, 1/2 teaspoon salt, 1 1/2 cups flaked coconut, Pineapple Filling.

Cream butter and sugar; add flour, salt and coconut. Work with fingers until mixture is like crumbs. Press firmly one-half of mixture into buttered and floured baking pan (9 by 9 by 1 1/4 inches.)

Spread Pineapple Filling over; cover with remaining crumb mixture, pressing down. Bake in moderate (350 degrees) oven until golden brown—35 minutes.

Cool in pan on wire rack; cut

into bars.

Pineapple Filling: Stir together 3/4 cup sugar, 3 tablespoons cornstarch and 1/4 teaspoon salt in a 1-quart saucepan; stir in a 9-ounce can of crushed pineapple, including syrup.

Cook and stir constantly until thickened and clear, bringing to a boil. Remove from heat; stir in 1 tablespoon each butter and lemon juice.

United Effort On Highways

State Highway Director Everett S. Preston's scheduled appearance before a county group seeking the retention of U. S. Route 62 in Columbiana County has encouraged proponents of the plan to have the major highway relocated just south of Salem.

The Salem Chamber of Commerce is spearheading the drive. Support throughout the county has been almost spontaneous.

This is good. A united effort is much more convincing than the unimpressive bickering that develops in some communities no matter how worthy and beneficial a project may appear.

Route 62 has been a principal traffic artery here for many years and to remove it entirely, as recommended by the state's consulting engineers, would be a blow to this district's future progress.

The engineers, Goodkind and O'Dea are from Bloomfield, N. J., and their planning for the route relocation is probably on the premise that a straight line is the shortest distance between two points.

It may be true that modern highways are built to move traffic, but it should not at the expense of the Ohio towns and cities whose needs are served by these roads and whose citizens pay their proportionate share of the taxes that help to build the roads.

Mr. Preston may spell out the state's plans more clearly, or he may hedge a little, but the fact that he and his aides and the local committee will talk things over may shed light on other road improvements as well.

If a united effort on highway planning can be maintained in Columbiana County at all times, accomplishments will result.

Start With the Dixie Faction

Never have so many people been urging so many other people to understand the two-party system.

There's a special reason. Americans never have been so keenly aware of their privilege of having a political arrangement that gives the minority an assured role in government.

This is the advantage they share with the British over other forms of government and especially over one-party governments. They realize that if anything happened to the two-party system they would be the victims. It isn't the system they must save but the benefits the system bestows on them.

So, on to fuller understanding of the two-party system, starting with Democrats in the U. S. House of Representatives and the U. S. Senate who have complained over a national television network that their legislative program, as laid down by President Kennedy, is in danger of being blocked by a coalition of Republicans and southern Democrats.

THEY TALK as if a southern Democrat had ceased to be a member of President Kennedy's party by being born in the South. They make it sound as if these people had fore sworn their standing as legislative representatives of the Democratic party by signifying that they cherish their right to vote against the party's dominant faction.

But the most remarkable thing the complaining Democrats do is to make it appear that Republican leadership in the House and Senate has no right to accept, let alone seek,

the votes of southern Democrats on issues that divide the two houses of Congress.

If the complaining Democrat meant these things they would be guilty of gross lack of understanding of the two-party system.

THE VOTES of southern Democrats helped to elect a Democratic president last November.

The votes of southern Democrats have kept the Democratic party in charge of congressional committees in all but a few years since the Roosevelt era.

The support of southern Democrats in the nominating convention last summer was valued so highly that most of the politicking which went on was concerned with ways and means of securing it for the contenders—and especially for the winning contender.

But it not be assumed from the way Democrats not from the South complain about Democrats who are from the South that a chasm has opened up between them.

The chasm, such as it is, opens up only when non-southern Democrats want to make it appear that they could perform legislative miracles were it not for Republicans making deals with perfidious southern Democrats.

At all other times—and more so on Election Day than any other time—all Democrats are brothers.

THIS IS ONE of the things that require understanding in the two-party system. Divisions inside parties are as deep and as wide as divisions between the parties.

But neither party can separate itself at will into anything less than the sum of all its parts. Republicans couldn't do it under Dwight Eisenhower, and Democrats can't do it under John F. Kennedy.

Southern Democrats are just as respectable and infinitely more powerful than their brethren who live elsewhere.

Don't believe it when the "elsewhere faction" talks as if it owed nothing to its Dixie faction. It owes everything it is or hopes to be to the Dixie faction.

No Satisfaction

If the New York police have the man who killed 4-year-old Edith Kiecorius after assaulting the terrified and helpless child, their part in settling the score for a crime so terrible it shocked even blasé New Yorkers will have been done. Their prisoner has confessed he killed the child, but that does not mean he is in a convict's cell.

There will be, in all probability, a legal skirmish about the confession. There will be a skirmish about the prisoner's sanity. It is unlikely he will be able to find voluntary legal counsel, because he has no resources. And if legal counsel is assigned to him, it may go as workmanlike a job as if he had been named Loeb or Leopold in 1924 and the defense lawyer's name was Clarence Darrow.

But suppose the prisoner has no defense and is convicted handsily. If he is electrocuted, who will have satisfaction? If he is imprisoned for life, who will have satisfaction? This depraved man surely did not wait until he was 59 to commit his first assault on a child. He did not wait until the twilight of his life to show the symptoms of depravity that marked him as unfit for contact with society.

Some day there will be a way to segregate these people for the protection of helpless children. It is too bad society must wait and wonder where their next atrocity will be committed.

Once Over

The administration is considering direct airlin's between Russia and the United States, using planes of both countries. (Yea mean there are really airplanes that can fly in atmosphere as cold as that!)

It is thought cold war could be given better temperature if both countries found hostesses friendly, charming and considerate. Maybe so, but there would always be a fear the Russian hostesses might put a rock in the pillow of Americans and make certain he got only the chicken neck in blue-plate lunch.

Sounds like an effort to better cultural relations through a fasten your-belt motif. American and Russian tourists can swap their suspicions by jet.

Important questions: Could Russian plane pass American plane without challenging it and asking for a return insult? Isn't it possible a Russian pilot might demand that American on the other plane get OUT IN MIDAIR for identification?

Maybe we worry too much and Russian-U. S. plane service would improve relations. Anyhow we anticipate following advertisements if idea goes through:

"In New York for Breakfast; In Moscow in Time for Pravda Denunciations."

"Fly the Khrushchev Airline and Reach Chilly Blasts the Fast Way."

"Coexist in Safety Belts. Neutral Hostesses. War News By Request Only."

Park Improvements

The Park Commission has given the go-ahead signal for a number of improvements at Centennial, Memorial and Kelley parks and the Salem Kiwanis Club has come through in the customary grand style with a \$1,500 gift for erection of a new pavilion at Memorial.

To the 3,720 persons who voted "yes" for the half-million park levy last November, these are encouraging developments. The citizens have shown for a number of years now that they are interested in the further development of Salem's fine park system and that includes the much-needed expansion of the 25-acre Memorial Park at the city's north edge. These plans have been slow to materialize; however, and it is hoped that the newly-elected park board president, Ben Barrett, will take a personal interest in it. Ben is an asset to the park commission and a good choice as president.

"The Apartment," "Elmer Gantry," "The Alamo" "The Sundowners," and "Sons and Lovers" have won nominations for Oscars. Well, you can't say the list doesn't afford variety, although the rough stuff in "The Alamo" and "The Apartment," are about the same.

Ignorance At The Top

By RAYMOND MOLEY

That the powerful influence in job placement of Felix Frankfurter, when he was professor at Harvard, has been passing to his close friend, Dean Acheson, is apparent in many of the high-level appointments to the State Department and the Foreign Service.

In the unseemly and unnecessary rush to erase all traces of the Eisenhower administration by new appointments, there have to be many mistakes. But the President has at the other end of his telephone the law offices of Covington & Burling, where Acheson sits in detached but busy majesty. Thus we return to the days before 1933—the days of the surrender of China and the roots of the Korean War.

Prof. Abram Chayes of the Harvard Law School has been appointed to the office of legal advisor to the State Department.

This is an important appointment with high rank as a policymaker is obvious. When matters of legislation come before Congress, this official, as a

supposed expert in international law and custom, must speak for the Department of State. He is supposed to know all the answers.

CHAYES, before he was appointed to his professorship, was with the Covington & Burling (Acheson) firm. Before that, he was law clerk to Justice Frankfurter. And his education was at Harvard College and the Harvard Law School.

Uppermost in the questioning of Chayes by members of the Foreign Relations Committee was his attitude toward the Connally Amendment.

Chairman Fulbright asked him for his views, and he replied:

"I think the repeal of the Connally Amendment was supported by the last administration and by Mr. Kennedy, President Kennedy when he was a member of this committee. It is also pledged in the Democratic Platform. I believe, Mr. Nixon in his campaign, also endorsed the repeal of the reservation."

'Am I Sultry?'

NEW YORK (AP)—If my 10½-year-old daughter Gay doesn't grow up to be a glamorous girl, it certainly won't be because she didn't start at an early enough age.

It all happened so suddenly I still can't believe that last year's rumpy, tousled, bedraggled too-busy-to-be-bothered hoiden has turned into this year's neatly coiffed, fashionable, color-conscious would-be sophisticate.

Just what caused this complete changeover I'll never know, but her new self is not without problems to her family.

Time was when Gay would absent-mindedly put on whatever clothes supplied for her without actually seeing them. Those were the good old days!

Now our little lady sets her alarm 15 minutes earlier to give herself time to consult the thermometer, her social calendar and probably her horoscope before arriving at the complicated decision on what to wear.

Where once she couldn't stand still long enough for me to get even the lesser tangles out of her locks, she now monopolizes the bathroom mirror while she painstakingly combs each hair in place. Shopping is a real ordeal. While

Matter of Fact

Americans love large colorful musicals judging from the way people lined up for "Oklahoma" and "South Pacific." For a real extravaganza it would be hard to beat the one put on in staid Boston in 1872. Patrick Gilmore led an orchestra and chorus of 22,000. For the Anvil Chorus, 200 Boston firemen pounded real anvils. It brought the crowd of forty thousand to its feet.

A termite is about the most determined creature in the world. When he can't find wood to eat, he lives on hope. A Central American termite eats through lead sheathings on cables. He can't digest lead, but he's hoping for something inside.

Barbs

A health article says that pain strikes the body at its weakest point. Headaches are really common.

in her younger days anything fancy used to take her eye—velvets, rhinestones, impossible color combinations—she now insists every item she purchases must be just what the well-dressed sixth-grader is wearing, no matter how dull.

If mother so much as suggests a skirt that is not the proper color or style she is withered by a glance from her daughter. "Mother," Gay says in pitying tones, "don't you know what ISN'T fashionable?"

Nor does she confine her self-improvement program to the realm of clothes. She is determined not to grow old before her time, and on this score she is an advertising man's dream girl.

Just let a television commercial mention that a soap is preventing aging or a shampoo leaves soft highlights in your hair. Gay is off to the store at a trot to purchase these promises of beauty.

She carefully studies her face for signs of wrinkles, double chins or other threats of advancing age. "After all," she frowns, "I will be 11 soon."

We're pretty sure, though, that she'll hang on to her youth for a while longer even without the aid of the corner drugstore. She's still her Daddy's little girl!

The other night she bathed with her cold cream soap, applied the colorless nail polish which she deplores as babyish, put on her most glamorous robe and addressed herself to her father.

"Daddy," she asked as she climbed into his lap, "Am I sultry?"

Mysterious Silence

By DAVID LAWRENCE

People Should Be Given Facts on RB47 Incident

A mysterious silence hovers over Capitol Hill. American lions have been lost through the wanton act of the Soviet government but nothing is being done

about it. The RB47 was flying over the high seas at least 50 miles from land when it was shot down by the Communists last July 1. Yet the Moscow government gets away with a flagrant violation of international law.

It was to vindicate this very principle—freedom of the seas—that the United States entered World War I after similar attacks on American ships by German submarines.

When the U2 was forced down last May over Russian territory, the Senate Foreign Relations Committee rushed into a public inquiry. This made headlines for several days and the Russian press exploited the hearing and got considerable comfort out of it.

The committee's objective, of course, was merely to discredit the Republican administration. Now the Senate Foreign Relations Committee — which is dominated by the Democratic administration, so no such investigation of what happened is being ordered. Nor is there to be any formal report apparently on the failure of the State Department to pursue its protests.

There was justification perhaps for silence during the period that the two surviving American airmen were in jail. Negotiations for their release were successfully undertaken by the Kennedy administration after such efforts were rebuffed during the previous months.

When the fliers were returned to the United States, a curious set of developments occurred. First, the fliers were met at the airport by the President himself and told to keep mum for the time being about what had happened.

They were forbidden to talk to the press. Then, after a lapse of a month, they were allowed to be interviewed but only a limited amount of information has been revealed.

THE ESSENTIAL point disclosed, however, is that the plane was over the Barents Sea at least 50 miles from the Soviet coast. This confirms that the American fliers were attacked while traveling on the high seas.

Although American rights were plainly transgressed, the impression prevails that the Kennedy administration even made some concessions to obtain the release of the two fliers.

Sen. Bridges, R-N.H. has just asked Congress to investigate this point so as to determine what ransom price, if any, the Ameri-

can government paid for the release of the fliers.

Circumstantially, suspicion has been aroused by the decision of the administration here to resume negotiations with the Soviet government for the inauguration of a commercial air service between Moscow and New York—something anxiously sought by the Russians so as to enable them to send more quickly to Moscow their spy information obtained from agents in this country.

It's being asked whether the concession for the release of the fliers was a promise to reopen negotiations for the commercial air service.

The argument probably will be made by the Soviets that they have a right to attack any plane or ship that approaches their shores. In time of war this is conceded to be an enemy's privilege but the United States and the Soviet Union today are supposed to be at peace.

If the cold war means that the rules of hot war are to be applied, then the United States and other Western countries are missing a bet in allowing Russia's trawlers to "fish" in waters so close to American submarine bases here and abroad.

A SOVIET fishing vessel approached New London, Conn., when one of the latest American submarines was launched last year. When the submarine tender from the United States was arriving at a port in Scotland last week, a Russian trawler was in the same vicinity taking pictures.

Would the Americans have had the right to fire on the trawler? Under the current concept in Moscow, any vessel engaged in military observation can be attacked without warning and destroyed, no matter where it is on the ocean.

There were four other airmen aboard the ill-fated American plane. The body of one has been recovered but what happened to the other three? The American government says it doesn't know, and the Russians also profess not to know.

The principle is clear—the Russians are responsible for the loss of four American airmen.

Will the administration insist upon redress?

Will it ask for clarification of the issues involved, so that further incidents may be avoided?

Or will the hush-hush policy that began recently be continued, in the hope presumably of avoiding any sharp talk with the Soviets on any subject whatsoever?

If so, then the theory will gain ground that appeasement is a better way to run foreign relations than with firmness and resoluteness.

The American people are, of course, entitled to know just what the Kennedy administration's attitude is toward the loss of American citizens on the high seas resulting from a deliberate attack without warning on American lives and property.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: Seven years ago a fellow got a job at the place where I work. I felt sorry for him because he had only one suit of clothes and I could see he was in tough shape financially. I brought him home to dinner almost every night, let him use my car and treated him like a brother. After seven years I am still bringing him home to dinner almost every night, lending him my car and treating him like a brother. My wife calls him at work and asks what she should fix for dinner. She makes shirts by hand (she's great at sewing) although she has never made a shirt for me in the 15 years that we've been married. She also goes to his apartment to clean three times a week. I guess this is all my fault because I started it. Now, how can I stop it?—BIG HEARTED.

Dear Big-Hearted: You can introduce this "brother" of yours to a nice single girl, or a lonesome widow—the woods are full of 'em. The guy should have a life of his own and not attach himself to you and your family. Make

this clear to both him and to your wife—promptly.

A Dog's Life

Dear Ann: Shame on you for printing that tear-jerker. I refer to the dog who was hit by a car and left in the street to die. I'm all for the driver. If I ever hit a dog I would not bloody up the inside of my car by taking him to a vet, nor would I stop to console the kids. Dogs are stupid animals and they can't cope with traffic. A family that loves their dog will not let him roam around unleashed. In many areas there are laws against it. In my humble opinion, any family who cares so little for the family pet that they would allow him to run loose deserves what ever they get.—REALIST.

Dear Realist: I agree that family pets should not be running loose, for a variety of reasons, but that was not the question nor the problem. The driver who hits a dog should do whatever he can to alleviate the animal's suffering. The dumb brute is not to blame if he is allowed to run loose.

Driving on and ignoring an injured animal in the street is not justifiable under any circumstances.

Dates Can Wait

Dear Ann: How do you feel about granting permission to a 12-year-old girl to go to an evening move with a 13-year-old boy? My husband and I are faced with this problem and we don't know how to handle it. Our daughter is perfectly willing to have the boy's father drive them to the movie in his car and pick them up afterwards. They want to go to a small restaurant for a cup of hot chocolate after the show. The boy's father would wait outside for them. Please answer in the paper. The pressure is getting heavy.—UNDECIDED.

Dear Undecided: These children are too young for movie dates. Why subject them to the hazards of possible suggestive dialogue and the stimulation of adult love making. I say NO. And I hope you do, too.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Salem News, enclosing a stamped, self-addressed envelope.

Frank Milikin and his bride, the former Ruth Ann Smith, are residing at 840 W. Pershing St. following their marriage Feb. 25.

The double ring ceremony was performed before the altar of St. Paul's Lutheran Church in Letonia. Vases of white carnations and twin seven-branch candelabra decorated the chancel for the service conducted by Rev. T. P. Laughner.

The bride is the daughter of Mrs. Russell Dunn and Lloyd Smith of Letonia. Mr. and Mrs. James R. Milikin of 692 Fair Ave. are the bridegroom's parents.

Merle Reese of Letonia was organist, and accompanied Miss DeElla Smith of Letonia, who sang "I Love You Truly," "Walk Hand In Hand" and "O Promise Me."

Escorted to the altar by her father, the bride was attired in a

ballerina-length gown of Alencon lace, fashioned with a scalloped Sabrina neckline and three-quarter-length sleeves. The tiered overskirt featured a scalloped hemline. Her shoulder-length veil was held in place by a seed pearl crown. She carried a cascade arrangement of white carnations.

Attending her sister as matron of honor was Mrs. Albert Kornbau of Beaver Falls, Pa. She appeared in a pink sheath of peau de soie, accented by a full overskirt of organza, embroidered with sprays of roses. Her hat and veil were of matching peau de soie. Carnations formed her cascade bouquet.

James Martin of Salem, cousin of the bridegroom, was best man. The ushers were Francis Martines Jr. of Letonia, brother of the bride, and Patrick Smith of Niles, cousin of the bride.

For her daughter's wedding, Mrs. Dunn wore a beige sheath, while Mrs. Milikin chose a brown suit. Both wore white carnation corsages.

One hundred guests from Salem, Letonia, Columbiana, East Palestine, Niles, Washingtonville, and Beaver Falls, Pa. attended the reception in the Eagles Hall in Letonia. The three-tiered wedding cake was trimmed in pink and white and was topped with a bride and bridegroom figurine.

The hostesses were Mrs. Wilbur Moore and Mrs. William McTague, sisters of the bride, and Mrs. Francis Martines Jr., sister-in-law of the bride. Patty Sue McTague, niece of the bride, registered the guests.

A graduate of Letonia High School, the bride is employed by the Isaly Dairy in Letonia. Her husband attended Salem High School and is employed by Bud Shaffer Ford Inc.

For her undisclosed wedding trip, the bride wore a sheath of blue knit jersey.

Gray Ladies Group Recruitment Begins

Interviewing candidates for the Gray Ladies Service of the Red Cross will begin this week. Mrs. Myron Riegel, chairman, announces.

More volunteers are needed, she stated, and anyone interested may call her or the Red Cross office. Miss Elma Auld is co-chairman of the service group.

The training portion of the program is planned in about two weeks.

Membership in the Service is open to women 21 years of age or over, who are willing to agree to volunteer not less than the 100 hours of yearly service required by the chapter; furnish a physician's statement of a current physical examination indicating ability to perform the required duties; accept the minimum training of 12 hours, plus the 10-hour probationary period; observe the regulations of the service and accept direction in fulfilling assignments; and purchase a uniform and follow requirements on the correct wearing of it.

Gray Ladies may assist in hospitals, homes for the aged, nursing homes or with Red Cross Chapter activities, such as the blood bank or disaster operations.

Work on New Appropriation

Councilman Koenreich reported his finance committee has met twice in recent days to work on drafting the 1961 appropriation ordinance and that a third meeting has been scheduled March 11 to complete the project. It is hoped the ordinance will be ready for Council hearing on March 21, he said.

A letter was read to Council from Gov. DiSalle to Mayor Dean Cramer regarding the hassle over the proposed re-routing of Rt. 45 through the city. In his letter, Gov. DiSalle advised the mayor to meet with William McKenna, local highway division director, to iron out difficulties.

Councilman Carl Abe, chairman of the rules and ordinance committee, reported that his committee met Feb. 28 to review the mayor's request for a city ordinance to make it unlawful for persons to park motor vehicles on city streets for extended periods of time. Further study will be required on the matter, he said.

Drainage Problem Studied

Among the eight visitors in attendance at last night's council session were four residents of the N. Union Ave. and E. 4th St. area who voiced complaints of excessive amounts of water standing behind their homes in the area. Lakes are formed in the area after every heavy rainstorm, the residents reported.

City Engineer C. F. Barckhoff informed the residents that he would see what could be done to alleviate the situation before spring rains come.

Councilman Arthur Hanna reported his streets, alleys and sidewalks committee has referred a petition on vacating an alley in the southeast section of the city to the planning commission. The alley is the first south of Maple St. and west of Barclay Ave.

Engineer Barckhoff reported to Council that his office issued eight building permits during February. Aubrey Hayes, city utilities superintendent, reported the water department pumped 32,775,000 gallons of water in February, making the total pumpage for the year thus far 70,143,000 gallons.

Hayes reported a total of \$14,411.10 was collected by the water department in February water bills, making the total collected this year \$29,321.48. He said sewage bill collections in February were \$7,784.94 and now stood at \$15,167.70 for the year.

Council approved the state health department's request that Hayes teach four classes in water plant safety and water plant processes March 20-24 at Ohio State University.

Miss Taylor Gaining In Fight for Life

LONDON (AP) — Stout-hearted Elizabeth Taylor appeared winning her desperate fight for life today with a steady rally against double pneumonia. There was indication she might soon be off the danger list.

Doctors said that for the first time since the 29-year-old movie star was stricken four days ago she was "sufficiently conscious to be able to assist in her own treatment."

A medical bulletin this morning from the bedside said her "condition is greatly improved and gives less cause for anxiety."

The beautiful actress made an amazing comeback during the night from the brink of death.

Just before midnight the doctors reported her condition improved but said it "still gives rise to considerable anxiety."

A few hours later they reported "her improvement is maintained. She's just on the danger list."

Only an hour afterward they issued a bulletin saying:

"(Her) condition is greatly improved and gives less cause for anxiety. In addition, today is the first day in which she has been sufficiently conscious to be able to assist in her own treatment."

Until Tuesday the young actress was in a coma much of the time, kept breathing only with the aid of an electronic lung pumping oxygen through a tube inserted in her throat.

An attack of anemia weakened her, and she was given blood transfusions. The only nourishment she could get was through a tube attached to blood vessels in an ankle.

A hospital spokesman explained this morning that Miss Taylor was now able to move herself under her doctor's instructions—to empty her lungs of the liquefying pneumonia—and was completely aware of what was going on around her.

Jobless

(Continued From Page One)

Goldberg said Tuesday in announcing the new job data for February that naturally the administration hopes that seasonal factors, meaning favorable spring weather and pre-Easter buying, will tend to diminish the economic downturn.

Goldberg's gloomy report of the February job picture, aggravated probably by bitter winter snows, came as the Senate Finance Committee prepared to hold a one-day hearing on the administration's plan to speed an additional \$1 billion unemployment compensation benefits to idled workers.

Chairman Harry F. Byrd, D. Va., said he anticipated no serious opposition to the proposal, with committee approval expected Thursday and quick Senate action early next week. The bill has already passed the House.

Goldberg reported this job situation in February:

Employment—up 200,000 from January to a record for February of 64,655,000.

Unemployment—up 320,000 to 5,705,000, highest idle total since the summer of 1941—just before World War II at the tag end of the great depression. The January-February increase in unemployment was about triple the normal increase for this period.

The seasonally adjusted rate of unemployment rose from 6.6 per cent of the work force in January to 6.8 per cent in February. Unemployment is 1,800,000 higher than a year ago.

MASONIC LODGE TO MEET

Omega Council No. 44 will confer the Royal Master degree at a stated assembly Thursday evening at the Masonic Temple.

The degrees will be conferred on the second contingent of a class which is dedicated to the memory of the late Archie Brown, past master of the lodge. A visitation from Kermos Council, East Liverpool, is expected.

find in his face the reflection of himself."

The speaker concluded with the admonition: "One of our main objectives must be to assist in keeping the light of freedom ablaze in the world."

Prior to Geary's talk, Null and Perrault introduced C. of C. board members and officers; Victor C. Ballenger, executive secretary, and others.

Null reviewed briefly the progress of the C. of C. and Salem Area Industrial Development Corp. in industry, highway, agriculture, business and other phases of the community development program.

Robert Oswald and F. Richard Wilson were dinner co-chairmen.

Other chairmen were: A. G. Tame, hospitality; Mary Lesch, decorations, and Harold Musser, program. Also serving on the hospitality committee were Wayne T. Darling, Curtis H. Vaughan, J. Raymond Stiver, and Wells Vaughners.

Instrumental music selections were presented by "The Hungry Five," a high school ensemble.

The invocation and benediction were given by Rev. Richard D. Freseman and Rev. Harold W. Deitch, respectively.

A pre-dinner reception was sponsored by the E. W. Bliss Co. and the Farmers National Bank at the Salem Golf Club.

that they feel the United States is taking grave risks by not testing weapons in the absence of an inspection system.

The Soviets also, like the British, have had a moratorium policy since the Geneva negotiations got under way. But many congressional leaders as well as officials in the Defense Department and Atomic Energy Commission fear that the Soviets may have been testing some devices in spite of their public pronouncements to the contrary.

Sailor Taken Into Custody As AWOL

A 19-year-old Salem sailor gave a Youngstown shore patrolman a merry chase Tuesday morning before being apprehended in a woods near the northwest area of the city.

The sailor, Seaman Ronald Cushman of 423 S. Ellsworth Ave., had been jailed by police here Monday night on a charge of being AWOL from the USS Newport News since Feb. 18. The shore patrolman, Lloyd Linn, of Canfield, picked up the youth Tuesday morning for transfer to Youngstown.

However, when Linn took Cushman to his girl friend's home on N. Ellsworth Ave. to get his belongings, the youth jumped from a second story window and fled the scene. Linn hunted an hour before Cushman was found in a woods near N. Ellsworth Ave. and 12th St.

Commander L. D. Dexter of the Youngstown Navy Reserve office said Cushman will now be taken under guard to Cleveland to await pickup by Navy officials for trial in Philadelphia. Cushman was charged with another AWOL offense last December, the commander said.

Two Are Fined, Two Leave Bonds In Lisbon

LISBON — Two motorists were fined Tuesday and two others forfeited bonds when they failed to appear for hearings before County Judge James L. MacDonald.

Robert L. Laughlin, 25, of 510 W. Washington St., was fined \$20 for reckless operation and Robert S. Harrold, 51, of 436 W. Lincoln Way, \$10 for failing to stop within the assured clear distance ahead.

Guy L. Bruford, 20, of 695 N. Lincoln Ave., Salem, and Sidney Paris, 62, of New York City, each forfeited a \$15 bond for speeding. All were cited by the State Highway Patrol.

Another storm hit the Cullman, Ala., area after midnight. Strong winds accompanied by heavy rain destroyed 10 to 15 houses, blew down trees and utility lines. At least six persons were hospitalized.

Youth Gets Hearing On Theft of Gasoline

LISBON — A 17-year-old E. Washington St. youth had a preliminary hearing Tuesday before Juvenile Judge Louis Tobin and was placed in detention at the county jail until Monday when a final hearing will be held and disposition made.

The youth was implicated in the theft of 50 gallons of gasoline from the Morris Gas Co., along with Donald Barnes, 19, of E. Lincoln Way.

The youth also admitted the breaking and entering of the Fronsia Arter home, just outside the village, off Rt. 30.

Barnes and Keith Parrish, 18, of Lisbon RD 2, will have a hearing Thursday before County Judge James L. MacDonald for their part in the Arter home breaking and entering.

Five Cases Heard By Appeals Court

LISBON — The 7th District Court of Appeals heard five cases Tuesday in its semi-annual visit to Columbiana County. Judges Lynn B. Griffith of Warren, John L. Donahue and Paul W. Brown of Youngstown, dismissed one case, continued another and gave the appellant 60 days to file his brief in the final case.

Cases involving the State of Ohio vs. Ira W. Cunningham, et al; the Ira Iron Co. Inc. vs. the Melas Theater Corp.; State Department of Highways vs. Tom F. Lucas et al; and Lois Jane Bingham vs. James E. Hartman and the Nationwide Mutual Insurance Co. were heard on merits and held for consideration.

In the case of the State of Ohio vs. William Thomas; the appellant was given 30 days to file a brief. McAllister's Dairy Farms Inc. vs. City of East Liverpool was continued, and a writ of habeas corpus for Cecil Blake was dismissed.

The next scheduled visit to Columbiana County is set for Sept. 11.

and Jacques Massa, a member of his Cabinet.

As the negotiations continued, the Congolese talked with increasing belligerence as a result of their victory over the Sudanese garrison that withdrew from Matadi. Delvaux told newsmen "for the moment we have decided that U.N. soldiers will not go back" to Matadi, which is 150 miles southwest of Leopoldville.

With The Patients

Mrs. Elizabeth Baker of 823 Washington Ave. suffered a fractured right arm in a fall yesterday. She is reported in good condition at City Hospital.

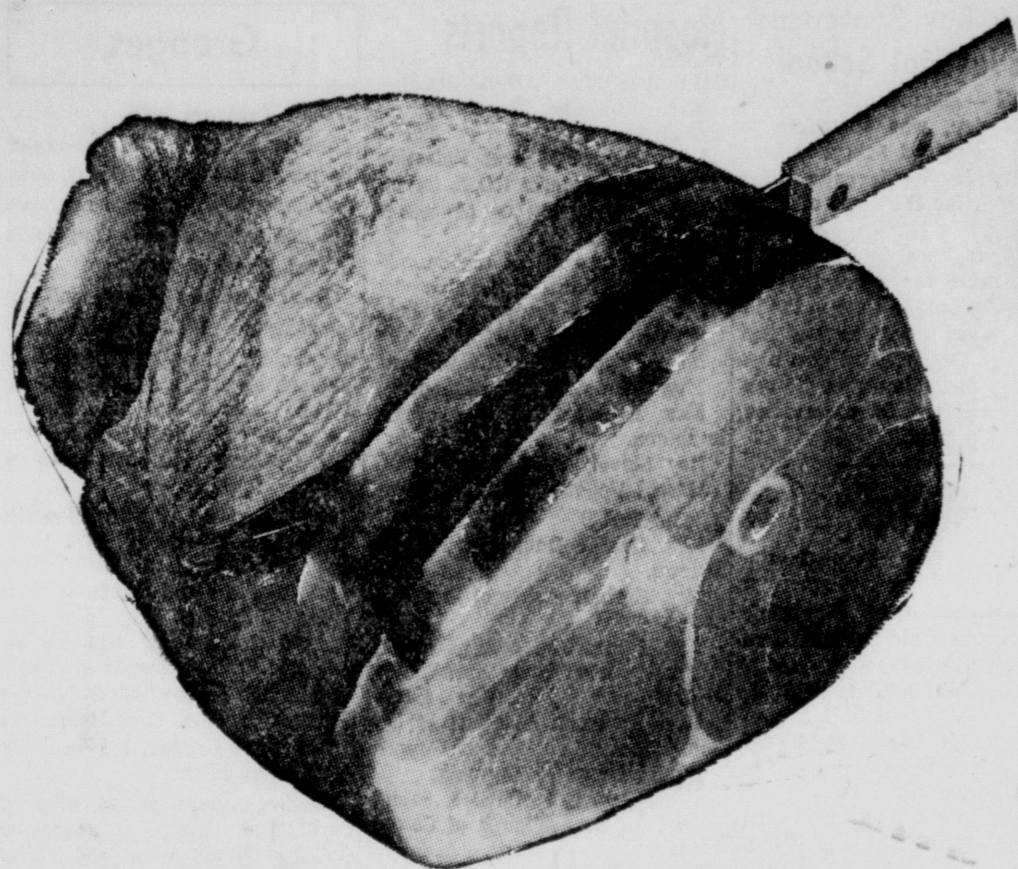

Granges

Greeley Program Held

Master Keith Hahn presided over the recent meeting of the Greeley Grange, which marked the group's 51st anniversary. The grange was formed March 8, 1960.

Grange members were informed that the Columbiana County community service project will be for each subordinate grange to visit and present a program at the County Home. Each of the four Granges will serve on a monthly rotation.

The program at the recent meeting was in charge of Mrs. Cecil King. Poems read at the meeting were "It's a Good Thing to be a Granger" by Cecil King, "I'm Joining the Grange," by Mrs. P. M. Schandel, "Slow Down at Fifty" by Mrs. E. S. Lowmiller, "In the Grange," by Mrs. Cecil Hahn, and "It Isn't the Grange, It's You" by E. W. Lowmiller.

Inside Labor By Victor Riesel

On the night of Feb. 13, American intelligence agents observed a Communist freighter glide into the harbor of Havana. In the hold were Red Chinese-made "Liberation" trucks. These were just what the well-dressed Castro militia men needed. Now they could move them and equipment more swiftly into the mountains to shoot down our underground rebel allies.

Victor Riesel

All this made a most politically immoral triangle. Peiping, China got American dollars which Mao Tse-tung needs badly. The Cubans got new trucks which the Fidelistas need badly.

We supplied the dollar exchange to Havana, for which United States merchants got some Cuban tobacco, molasses, tomatoes, lobsters, vegetables and fruits.

For such produce, all of which could have been purchased inside the U.S.A., Castro's Communist-operated government has been, and still is, receiving some 60 to 80 million dollars a year.

SO DESPERATE is Havana's need for this hard dollar exchange, according to the State Department, that a slash of half the U.S. purchases in Cuba could throttle much of Castro's economy.

Our government could do just that by placing Cuba under the Trading With The Enemy Act.

Apparently Fidel is not yet technically the enemy. Maybe not to the State Department but to the International Longshoremen's Association (ILA) he is. So they have refused to adjust cargo hoses from ships arriving in New York laden with Cuban molasses in bulk. If those hoses are not attached to dockside tanks, the ships can't pour out the molasses.

However, most of the imports have been coming in by railroad-car sea ferries running overnight from Havana to West Palm Beach.

These ferries, manned by Castro crews, have been leased from the West Indian Fruit and Steamship Co.

When I reported this some months ago, the longshoremen began picketing the West Palm Beach docks. In mid-February, there were 18 ILA men parading in front of the unloading facilities.

AS THE BOYS SAY, they had to knock it off. Why? Because Judge I. R. Morrow, a Florida state jurist, issued an injunction on Feb. 16. He ordered the ILA to desist from picketing the Cuban cargo. So the boys went home.

"Now tons of the stuff," said ILA general organizer, Teddy Gleason, "is coming in. This is tomatoes and foodstuff competing with Florida farmers and U.S. citizens along the East Coast."

"One of those overnight ferries carries anywhere from 1,000 to 2,000, maybe 10,000 tons a week. If these ferries run full up, they could carry in anywhere from \$100-\$150 million worth of Cuban stuff a year. Who's going to stop them now?"

"When we had our pickets, the

over-the-road truck drivers were respecting us. Now we have the courts hitting us when we were stopping cargo from being run in by a government tied up with Moscow and Peiping. Sounds screwy but it's true."

There have been no injunctions in other ports. On Pier 34, Hudson River, New York Harbor, tens of thousands of dollars worth of Cuban tobacco has been lying there—for months.

The longshoremen won't touch it despite a "cute trick" pulled by the Havana-istas. The Cuban tobacco trust "sold" the Pier 34 sales to Uruguayan merchants.

THE URUGUAYANS want the tobacco moved by the longshoremen so the Latin merchants can trans-ship it to another U.S. port. Then they'll sell it to us as Uruguayan property. But the ILA has nixed this.

For awhile, the Cubans had been ripping holes in our boycott by shipping their products in by air on a Havana-Miami run.

The U.S. government grounded that operation. Thus the Cubans are rushing millions of dollars worth of their merchandise into the U.S. through the only wide-open door—the Port of West Palm Beach—a door held ajar by an injunction.

P.S.: On Feb. 1, two Cuban Communist agents, Alvarez De la Campa and Faustino Calvino, arrived in East Berlin for an important meeting. They were the Cuban "labor" representatives to the executive committee meeting of the Soviet-operated World Federation of Trade Unions (WFTU). Central Intelligence Agency Director Allen Dulles once described WFTU to me as a "conduit of money and manpower" set up for the sabotage of U.S. prestige and military operations across the world.

Countians Drank Less In '60, State Report Indicates

Columbiana County's per capita liquor sales in 1960 were almost \$6 lower per person than last year's per capita state sales, it is revealed by State Auditor James Rhodes.

Figures compiled by the state auditor's office show Ohio's per capita liquor sales at \$25.36 in 1960, while Columbiana County registered sales of \$19.47 per person.

A breakdown of sales figures show the County made store and agency sales totaling \$1,281,123 in 1960; \$561,455 in wholesale and wholesale store sales; \$2,083,202 in estimated retail sales; and \$1,842,578 in actual total sales.

Neighboring Mahoning County figures reveal its 1960 store and agency sales were \$6,029,817; wholesale and wholesale store sales \$2,285,215; estimated total retail sales \$9,294,411; and actual total sales \$8,315,033. Mahoning's per capita liquor sales in 1960 were \$30.93.

HIS SIGHTS ARE SET—Capt. Yehiel Isaac Aronowicz, former skipper of the "Exodus," the Jewish refugee ship that inspired the best-seller and movie, is shown outside Columbia University in New York. Aronowicz, 37, has just won his masters degree in business administration after a year of concentrated study. He plans a new career in Israel in the shipping industry. He was just 23 years old when he sailed the "Exodus" from a French port for Palestine in July 1947, with 4,500 persons aboard.

The Doctor Says

By Dr. H. T. HYMAN

A Worth-While Investment

I used to feel very sorry for the many men who dreaded retirement. And for their wives who wondered what they'd do when they found themselves with "twice as much husband and half the income."

Here are a few stories which tell why my attitude changed: We have a neighbor, an elderly carpenter who has been in "mothballs" for the last several years. He loves wood. He handles a piece of

Dr. H. T. Hyman good wood the way a concert violinist handles a Stradivarius. He strokes it after it has been planed the way you would pat the hand of a cherubic youngster.

Ever since his retirement, he has been leaving home just as punctually as ever, walks to a shop maintained by townfolks for vocational training of the mentally retarded. There he spends his day teaching by example the skills necessary for turning out modest articles that can be sold for the benefit of the shop and

Granges

Wayne Grange to Meet
Clarkson Grange will bring the traveling clock and present the program at the Wayne Township Grange meeting Thursday at 8 p.m. at the Wayne Grange Hall. Master Margaret Ewing will preside over the business meeting.

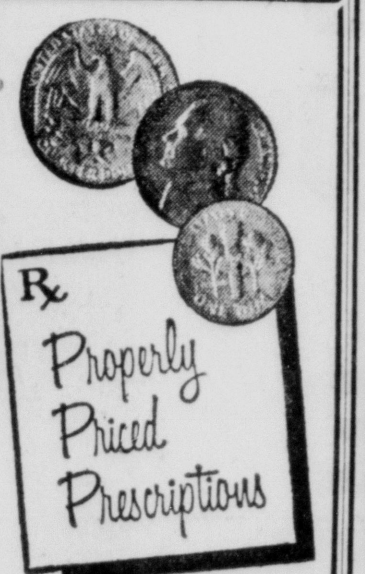

Miss Betty Rowley, juvenile master, will discuss final plans for a juvenile party Saturday afternoon at the grange hall.

Juvenile members are asked to bring items such as yarn, buttons, beads, etc., for a craft box. These items will be used for fly swatter craft at the April 13 meeting.

Jimmie Ewing, juvenile lecturer, will speak on the Easter Seal sale and how to understand crippled children.

Women of Wayne Grange are asked to bring pies for lunch.

DOG RESCUED FROM PIPE. Scherry, 9-year-old collie dog, is hugged by her owner, Mrs. Carl Crivello, in a sewer pipe in Miami, Fla., where the dog spent a whimpering 20 hours, including five hours of rescue effort by Mrs. Crivello, sewer workers and humane society agents. Scherry got stuck in the pipe after swimming ashore from a boat.

Low-Calorie Sauce, Halibut

By GAYNOR MADDOX
Newspaper Enterprise Assn.

Fish and sea food are ideal for weight watchers. They are high in protein and relatively low in calories and can be temptingly prepared with little fat.

For a low calorie, high protein dinner plate, serve four ounces of broiled halibut steaks (a man's favorite) with a lemon wedge, a medium-sized parsley-buttered potato, with one pat butter, one serving of asparagus.

Broiled Halibut Steaks with Low-Calorie Sauce

Plan on one-quarter pound of halibut for each serving. For 4 servings, broil 1 pound halibut steaks

as follows: If steaks are frozen, let them thaw on refrigerator shelf or at room temperature.

Combine 2 tablespoons melted butter or margarine, 2 tablespoons lime or lemon juice, ¼ teaspoon salt, ¼ teaspoon thyme, 1 pinch each nutmeg, pepper.

Brush on fish. Broil, 3 inches from heat for 5 minutes. Turn the fish; brush with butter mixture. Broil 5 minutes, or until fish flakes easily when tested with a fork.

A cocktail of five shrimp, with a sauce, starts a low-calorie, high-protein meal.

Shrimp Cocktail with Piquant Sauce

Use peeled and deveined uncooked shrimp. To a quart of water, add 1 heaping teaspoon pickling spices.

Let simmer 5 minutes. Add shrimp, let come to boil again and cook 2 to 5 minutes, never longer. Drain immediately.

Chill and serve in seafood cocktail glasses (5 shrimp to a serving) with sauce made as follows. Combine 1-3 cup chili sauce, 1-3 cup catsup, 1-3 cup finely chopped green pepper, tablespoon of minced onion, 1 teaspoon horseradish, ½ teaspoon dry mustard, ½ teaspoon salt, ¼ teaspoon black pepper. Chill. This makes 1 cup sauce.

Julie's Salad

3 cups diced hot cooked potatoes, ¼ cup French dressing, 1 small onion (minced), 2 tablespoons minced green pepper, 2 cups diced cooked smoked tongue, mayonnaise, lettuce and hard-cooked eggs.

Mix the hot potatoes with the dressing; cool. Add onion, green pepper and tongue; fold in mayonnaise to suit taste. Serve on lettuce and garnish with sliced hard-cooked eggs. Makes 4 servings.

Lemon Blossom Onions

Drain a can of tiny whole onions (one can will serve 4). Turn into a small pan or casserole. Drizzle with a little onion and lemon juice; add a few gratings of fresh lemon rind.

Bake in a hot oven along with the beef stew about 15 minutes or until hot and glazed. Garnish with a few lemon blossoms or other tiny flowers, if available.

Over-Baked Croquettes Ideal For Lent

If you haven't made croquettes because you thought they had to be fried and you were trying to avoid the extra calories, here's good news. Croquettes may also be baked.

In the recipe that follows, the croquettes are rolled in packaged corn flake crumbs which gives them a nice crisp exterior while the inside stays soft and moist.

To give the croquettes a lively taste, some lemon juice and a little tabasco, the liquid red pepper seasoning, are added to the salmon mixture.

Tartar sauce is the usual accompaniment to croquettes, and it, too, calls for the added zip of tabasco.

One can (1 pound) salmon, milk, ¼ cup butter, 2 tablespoons minced onion, 1-3 cup flour, ¼ teaspoon salt, ¼ teaspoon Tabasco, 1 tablespoon lemon juice, 1 cup (approximately) packaged corn flake crumbs. Drain liquid from salmon into measuring cup; add

milk to make 1 cup liquid. Melt butter in saucepan; add onion and cook until tender, but not brown.

Blend in flour, salt and Tabasco. Add milk, stir and cook, stirring constantly, until thickened.

Flake salmon and add to sauce with lemon juice. Stir in ¼ cup corn flake crumbs. Refrigerate until chilled. Divide into 8 or 10 portions and shape into cones.

Roll in remaining corn flake crumbs to coat well. Place on a greased baking sheet and bake in hot oven (400 deg. F.) 20 to 25 minutes until golden brown. Serve with Tabasco tartar sauce.

Yield: 4 to 5 servings.

TABASCO TARTAR SAUCE

One-half teaspoon Tabasco, 1 teaspoon vinegar, 1 cup mayonnaise, 1 tablespoon chopped parsley, 1 tablespoon minced onion, 1 tablespoon chopped green olive, 2 tablespoons chopped pickle.

Stir Tabasco and vinegar into mayonnaise. Add remaining ingredients, mix well.

Yield: About 1-3 cups.

Beans, Mushrooms

1-3 cup sugar, 1-3 cup cider vinegar, 1 teaspoon salt, 1 teaspoon whole mixed pickling spices, 1 extra bay leaf, 1 pound snap beans (cooked whole), 1 can (6 ounces) sliced mushrooms, 1 small onion, 1 pimiento.

Mix together in a small saucepan the sugar, vinegar, salt, pickling spices and extra bay leaf; stir over low heat until sugar dissolves, bring to a boil.

Remove from heat. Add drained

cooked beans, drained mushrooms and onion (peeled, sliced thin and separated into rings); mix well. Cover tightly and refrigerate several hours or overnight. Garnish with pimiento strips. Makes 8 servings.

Raspberry Sherbet

Cut brick or round cylinder pack of raspberry sherbet into about 1-inch slices. Cut each slice with a flower shaped cutter. Serve with your best sugar cookies, cut and baked in heart shapes.

MONEY FOR WORKERS

Maybe just a pat on the back and a handful of cash is all you need. Call for your friendly cash loan tomorrow. Cheer up. Relax.

Fouls Hurt Bears; Gullett Scores 16

United Eagles Make Debut at Canton Thursday Against South Amherst

Leetonia High was eliminated last night in the opening round of the Canton Class A District basketball tournament when Rootstown pulled away in the final few minutes of play to down the Bears, 48-38.

Powerful Liberty of Trumbull County trounced Fairport Harbor, 60-45, in the other tourney game played at Canton Field House last night. Fouls — those called on Leetonia.

Salem Boosters Meet Tonight at Senior High

The Salem Booster Club will meet at 8 tonight in Room 142 of the Senior High School. President Dick Loutzenhizer announced.

The regular weekly meeting was moved from Thursday because of the opening of the District Tournament play at Youngstown South Field House.

Coach John Cabas will discuss Salem's coming tourney clash against Poland and show films of the Quakers' victory last week over Struthers.

tonia and those that weren't called on Rootstown — proved to be the downfall of the Bears.

Rootstown players went to the foul line 23 times and converted 20 times for an amazing 87 per cent. Leetonia got only five tries from the free throw line, caging two of those attempts.

LEETONIA OUTSHOT Rootstown from the field, 18 goals to 14, but the Bears were not able to overcome the one-sidedness in the foul department.

The lead in the game exchanged hands 14 times as the two teams battled on almost even terms right up until the final minutes of play.

Leetonia led 11-9 at the close of the first period. The count was deadlocked at 19-all at halftime and again at 31-all at the three-quarter mark. At one point in the third quarter, the Bears had a 27-23 advantage.

Then early in the fourth period, Rootstown moved into a 36-31 lead. Coach Len Batcha of Leetonia called for a full-court press which obviously rattled the Rover cagers. A foul and two quick goals on steals by aggressive Jim Franko tied the game at 36-36.

SECONDS LATER, Franko turned an ankle while attempting to drive toward the basket and Leetonia's chances of victory went out the window. Franko remained in the game after a long timeout period but the sprain obviously slowed him down.

After Franko had tied the score at 36-all, Rootstown outscored the Bears, 12-2 the rest of the way.

High point man for the Bears was Bob Gullett who hooped 16 points. It was Gullett, a 5-9 senior co-captain, whose jump shooting kept Leetonia in the ball game in the first three quarters.

Gullett banged home 10 points in the first half and six more in the third quarter before being blanked in the final quarter.

Franko, a 5-10 co-captain, wound up with 11 markers. Jim Steltz, 6-1, did a good job on the boards but was able to contribute only one point to the scoring attack.

TOP SCORER in the game was Harvey Craig of Rootstown who hooped 17 points.

There was considerable body contact in this hard-fought fray. The officials tossed one player on each side out of the game after the final outcome had been decided.

Leetonia, which had upset rival Columbiana, to reach the District Tourney, closed its season with a 7-13 record.

Rootstown, now 14-9, will tangle with Liberty at 2 p.m. Saturday with the winner gaining a berth in the Canton Regional.

Tonight's action at Canton will feature Northwestern (20-3) against Northwest (19-2) at 7 p.m. and Independence (10-11) against Rittman (17-2) at 8:30.

The rapidly improving United

Golden Eagles will make their District Tourney debut on Thursday night against South Amherst at 7 p.m. South Amherst has a 16-4 record while United stands 10-12 against more rugged opposition.

The 8:30 game on Thursday's card will pit Lowellville (13-9) of the Inter-County League against Geneva's Spencer (16-5).

The winners of Thursday's games will clash at 5 p.m. Saturday for a berth in the Regional at Canton.

Prairie View Wins Small College Title

PRAIRIE VIEW, Tex. (AP) — They were soft-peddling all enthusiasm over capturing the nation's small college basketball championship at Prairie View A&M today.

Instead of celebrating, Coach Leroy Moore and his players proceeded methodically to get ready for a game Friday in the college division of the NCAA playoffs — which Prairie View is favored to win. Their opponent is Superior State Teachers College of Wisconsin.

Prairie View, a small school with a big basketball team, claimed the No. 1 spot among smaller colleges in the season's final Associated Press poll by beating out another Negro school, Tennessee State. Ohio State took the national title in the major college poll.

In the small college poll, the Panthers got seven of 10 first place votes and a total of 97 points on the basis of 10 for first, nine for second, etc.

Tennessee State collected 83 points and two No. 1 votes.

Softball Association To Elect '61 Officers

Anyone interested in playing in the Salem softball leagues this season is asked to attend a meeting at 7:30 p.m. Tuesday, March 14, at the Memorial Building.

Clarence Walker, president of the Salem Softball Association, reports that plans will be discussed for the coming season and the annual election of officers will be held.

WOODCOCK RETURN TO OHIO

Woodcock have arrived back in Ohio, according to Phil McGinnis, Division of Wildlife employee. He was working on the Tranquility Wildlife Area on February 28 when he flushed six woodcock. The following day he flushed two more of the long-billed game birds.

Woodcock normally return early to nest. Even now the males are performing their flight song at dusk and dawn. Game men census the birds during the time they are giving this courtship performance to get an index on the trend of breeding populations.

HOT STOVE MANAGERS MEET

A short meeting for all managers in the Salem Hot Stove Leagues will be held at 7 p.m. Thursday in the American Legion Home. Glenn Whitehill, executive secretary of the Leagues, says the Kickoff Dinner scheduled for March 18 will be discussed and team practice schedules will be set.

Fast-Growing Area High Schools Must Earn Way Onto SHS Schedule

The emergence of several rapidly growing new high schools in the area, such as West Branch, United and Beaver Local, raises the question of how long it can be before these schools will be appearing on the football and basketball schedules of the Salem Quakers.

West Branch, in particular, with its great success in both basketball and football the past season, could give a pretty good argument on why the Quakers should make room for them in both sports. The West Branch football squad posted an impressive 9-1 record while the basketball team bowed out of tournament play with a fine 16-3 mark.

There is little question but what a fierce rivalry could be built up between Salem and West Branch — one that would pack the Salem gym, Reilly Stadium or the new facilities that will be available at the Damascus school in a couple of years.

THERE ARE MANY PEOPLE in the West Branch district who would have put money on the Warriors' chances against Salem in either basketball or football this past year and they no doubt would have found plenty of Salem money to match them.

However, there were no Salem-West Branch games this year and there aren't likely to be any until the Warriors build up their schedule.

Salem doesn't want to play West Branch for much the same reason Alliance isn't too eager to tangle with Salem. They each believe that their would-be foe has too many soft touches on its schedule — not enough tough teams to get "up" for.

Salem believes that West Branch could get itself whipped into a frenzy for a clash with the Quakers, and Alliance believes that Salem would be sky high for a game with the Aviators. They are both probably safe in those assumptions.

We are sure that West Branch school officials are just as interested as their fans in improving their basketball and football schedules. It must be remembered, though, that the Warriors are just beginning to flex their athletic muscles. It will take time to build a schedule. Fans must be patient and willing to support their teams, win or lose.

THE 1961 WEST BRANCH football schedule released recently was strengthened by dropping Greenford, Sandusky St. Mary's and McDonald and adding North Canton, Springfield Local and Newton Falls.

That improvement probably isn't great enough to satisfy most West Branch fans, but indications are the 1962 schedule will be a great deal more attractive, provided the Warriors prove they can handle it.

Salem people who have a tendency to think of West Branch, United and Beaver Local as "small country schools" had better not look behind or they will find that somebody is gaining on them.

Salem Senior High School has an enrollment of 680 students in three grades. West Branch has 625 students in four grades; Beaver Local has 529 in four grades; and United has 326, also in four grades. All of these schools are growing at a tremendously rapid rate.

NOT ONLY ARE they growing in numbers but they are growing in stature — both in academics and in athletics. Although we ag-

ree that now is not the time for Salem to add these teams to its schedule, we believe that a few of them will "earn" their way on the Quakers' schedule within a few years.

No team likes to set itself up as a sitting duck for another school which has only one or two teams to get "up" for.

There has been a lot of talk about a Salem-Alliance football meeting. Coach Mel Knowlton of the Aviators says fine — provided the Quakers will agree to a long term contract. He is not interested in allowing Salem to pick a year when the Quakers expect to be strong and the Aviators have no returning regulars.

Alliance High School has an enrollment of 1,144 students in its three-year high school and through the years, the football played there is as good as that played anywhere in the state. Our guess is that Salem would fare against the Aviators over a period of years just about the same as West Branch would fare against the Quakers.

WE ASSUME that West Branch will eventually "earn" its way on to Salem's football schedule. When it comes, Salem also probably will expect a long term contract.

If Salem were primarily interested in drawing a big out-of-town crowd at football games, it would still be playing Lisbon and Leetonia, two schools that always packed them in here. Quaker fans, however, would prefer to see the Quakers struggle with Canton McKinley than bang heads with the Bears or Blue Devils.

Lisbon Coach Bud Bucher, whose Blue Devil teams for years gave Salem football teams all they could handle, has this to say on the subject:

"I thoroughly enjoyed the rivalry with Salem, and I was sorry to see it end. On the other hand, I agreed with the policy that Lisbon School officials adopted at that time. I am sure that attitude is the same today.

"The Salem - Lisbon football games were bitterly contested as most traditional games are, but at no time did I ever see any evidence of unfair tactics or poor sportsmanship. Both schools lost heart-breaking contests as when Salem's 1947 team lost at Lisbon, 7-0, and when they were tied here 6-6 in 1949.

"Lisbon lost at Salem in 1952, 26-21, on a deflected pass in the end zone in the last 11 seconds of play.

"Ben Barrett and I competed against each other throughout the rivalry during my tenure in Lisbon, and I can assure you that we respected each other. We had no feud going on, and at no time was there any bad feeling between us, and we are still good friends."

ANY SALEM HIGH Athletic Director would be scalped by Salem fans if he tried to put Lisbon or any other Class A school back on Salem's football schedule. The same goes for West Branch until the Warriors drop more of the class A schools on their slate.

For those not familiar with the 1961 football schedules lined up by the two schools, West Branch will be facing North Canton, North Lima, Canfield, Springfield Local, United Local, Jackson-Milton, Newton Falls, Beaver Local, Warren St. Mary's and East Canton.

Salem's 1961 slate shows Struthers, Youngstown North, Ravenna, Farrell, Pa., Marietta, Akron Hoban, Wellsville, Boardman, East Liverpool and Dover.

Field for NIT Is Completed

Dayton, Memphis, Niagara Seeded

By The Associated Press

NEW YORK (AP)—The field for the 1961 National Invitation Tournament, finally completed Tuesday, doesn't include even one of the nation's top ten college basketball teams. But there's every indication that the competition among 12 teams should be very close.

In setting up the pairings, the selection committee didn't attempt to rank the four seeded teams. Instead it listed them in roughly alphabetical order without giving an explanation why these four were selected over the other eight.

The seeded teams are Dayton (19-7), Memphis State (20-2), Niagara (16-4) and either Colorado State University (17-7) or Utah (20-6). The last entry is to be determined Saturday when Colorado State and Utah play off for the Skyline Conference championship. The winner will go into the National Collegiate (NCAA) Tournament and the loser to the NIT.

Dayton and the Utah-Colo. State winner were placed in one bracket and Memphis State and Niagara in the other. The seeded teams will go directly into the quarter-final round.

The schedule:
Thursday night, March 16 — first round: St. Louis vs. Miami of Florida (19-6); Holy Cross (18-4) vs. Detroit (18-8).

Saturday afternoon, March 18 — first round: Temple (19-6) vs. Army (17-6); DePaul (17-7) vs. Providence (20-5).

Saturday night, March 18 — quarter-finals: Colorado State U. or Utah vs. St. Louis-Miami winner; Memphis State vs. Holy Cross-Detroit winner.

Tuesday night, March 21 — quarter-finals: Dayton vs. Temple-Army winner; Niagara vs. DePaul-Providence winner.

Thursday night, March 23 — semifinals.

Saturday afternoon, March 25 — final and consolation game.

Called Impressive by Manager

'Young' Schoendienst Gets \$25,000 Contract

By The Associated Press

Aging Red Schoendienst, threatened with the end of a major league career spanning 16 seasons and a bout with tuberculosis, has been pronounced the "youngest-acting guy" on the St. Louis Cardinals and rewarded with a \$25,000 contract.

The 38-year-old switch-hitter went at top speed in the Cards' intrasquad game Tuesday, cracking two singles, stealing a base, scoring one run and making a stop with the skill he used to flash as one of the National League's greatest second basemen.

Schoendienst, who had been working without a contract after getting his release from the Milwaukee Braves, accepted terms following the workout. General Manager Bing Devine said, "This is our break, not Red's. He has been most impressive and should help us tremendously."

Manager Solly Hemus concurred, calling the veteran "the youngest-looking, youngest-acting guy on the squad. My one concern was Red's health," said the Redbird skipper, "but no man could be ill and work the way he has the last two weeks."

Milwaukee's reluctant Wes Covington finally ended his holdout siege by signing after the club gave the 29-year-old outfielder an ultimatum to sign or go through with his threat to sit out the season.

Elsewhere, a rash of injuries broke out. The San Francisco Giants' Willie Mays escaped serious damage when a vicious foul spun off his left foot in batting practice. He suffered a bruised instep.

Rocky Nelson, first baseman for the world champion Pittsburgh Pirates, was hit in the face by a pitched ball, but was not seriously injured. Chicago White Sox rookie catcher Camilo Carreon split an index finger on his right hand when he was struck by a foul. The Cards reported that ailing

John Ehrhart fired a lusty 635-231 to set the pace for league bowlers in the city Tuesday. Ehrhart bowls in the Service League at Timberlanes.

Other high scores in that loop Tuesday include Glenn Mercer, 581-214-200; Bob Tubbs, 554-209; and John Hendron, 546.

New Garden Inn posted a 2537 team high series while K of C No. 2 came up with an 878 single game high.

Ray Coppock's 561-225 was high in the Men's Deming Co. League. He was trailed by George Hartman, 552; Gale Daugherty, 539-204; Harold DeRoads, 539-211; Pete

Waithman, 532-209-200; and Bill Grim, 531-203.

Team honors went to Dept. 12 with a 2485 series and to Office which carded a 939 single.

In the Mixed Foursome League at Saxon Lanes, Fred Vogelhuber led the way for the men with a 553-214 while Wilda Pasco paced the women with a 537-232.

Jerry Brady notched a 545 and Dick Bray compiled a 522-201. Skip Ansman had a 214 single game.

Other women posting high scores were Mary Wolf, 517-209; and Nancy Barclay, 471. Ginny Vogelhuber had a 177 single game.

Team scoring found M & E Market with an 1869-656 and The Four Katz with an 1864-684.

Loyola of Los Angeles Clinches Berth in NCAA Playoff

7 Vacancies Still Must Be Filled In Tourney Which Opens Tuesday

Kentucky, Vanderbilt to Clash For Southeastern Conference Title

By DON WEISS
Associated Press Sports Writer
Loyola of Los Angeles, newly crowned champ of the West Coast Athletic Conference, has made it to the National Collegiate basketball championships for first time, leaving the NCAA with seven vacancies for its far-flung 24-team tournament opening next Tuesday.

Loyola, 19-6 this season, clinched the WCAC title Tuesday night with an 82-64 victory over Pepperdine that really wasn't needed. A few minutes before, Santa Clara had spilled San Francisco 51-39, eliminating the only team left with a chance to catch Loyola.

The Lions from Loyola, representatives of a conference that sent the San Francisco Dons on to back-to-back NCAA titles with All-America Bill Russell in 1955 and 1956, will play the Skyline Conference champs in their first tournament game in the Far West region at Portland, Ore., March 17. The Skyline berth will be decided Saturday night in a play-off at Provo, Utah, between co-champs Utah and Colorado State.

Loser Goes To NIT

That's the play-off where even the loser wins. While the winner goes to the NCAA, the loser goes to the National Invitation Tournament, which completed its 12-team lineup Tuesday with the addition of St. Louis, No. 3 team in the Missouri Valley Conference.

Ed Berto, Loyola's ace, scored 27 points in the Lions' wrap-up victory Tuesday night, the first undisputed WCAC championship for the Los Angeles school. Loyola tied with Santa Clara for the conference title last year but lost the NCAA berth in a play-off with the Broncos.

Filling of the WCAC berth left four conference berths and three at-large vacancies in the NCAA lineup. The Ohio Valley Conference will finally unwind its knot tonight at Louisville, with Morehead playing Western Kentucky for the right to enter the NCAA. Western, Morehead, and Eastern Kentucky finished in a three-way tie for the conference title. Morehead eliminated Eastern in the first round of the play-off Monday night.

Kentucky Still Has Chance

Kentucky and Vanderbilt meet Thursday in a play-off for the Southeastern Conference berth. Saturday, in addition to the Utah-Colorado State game in the Skyline, New Mexico State and Arizona State U. will play at Tempe, Ariz., to determine the Border Conference representative, and the winner of the Xavier of Ohio-Chicago-Loyola game at Chicago Stadium will get an at-large berth against the Ohio Valley Conference winner in the NCAA Mid-east preliminaries at Louisville March 14.

The two remaining at-large berths in the Far West regional will be picked after a telephone poll Sunday morning, with Oregon State, Portland, Oregon and Seattle reported to be the leading contenders.

While the big boys were settling their disputes Tuesday night, the 32-team field for the NAIA small-college tournament in Kansas City "in play-offs were Whitworth (Wash.), St. Norbert (Wis.), Missouri Valley Carson-Newman, Anderson (Ind.), Steubenville (Ohio) Simpson (Iowa), Gustavus Adolphus, Emporia State (Kan.), and Linfield (Ore.).

Knicks Shade Nats 114-113

Hawks Beat Lakers; Celts Nip Royals

By The Associated Press
The New York Knickerbockers, who long ago clinched the cellar spot in the Eastern Division of the National Basketball Association, at least won't end the season on a 'long losing streak.

Until Tuesday night, the Knicks, who are 32½ games out of first place and 16½ behind their nearest opponents, were riding a nine-game losing streak with just four games to play.

They snapped out of it with a 114-113 victory over the Syracuse Nationals in Madison Square Garden. The triumph was a squeaker, for the Nats threatened to pull it out in the final seconds.

In other action, the Boston Celtics defeated the Cincinnati Royals, 124-121, and the St. Louis Hawks edged the Los Angeles Lakers, 137-136, in double overtime.

Marquette Coach Says Louisville May Halt OSU

LOUISVILLE, Ky. (AP)—Ohio State, ranked first in the Associated Press poll and unbeaten in 23 games, figures to win the NCAA regional here.

But veteran coaches Adolph Rupp of Kentucky and Ed Hickey of Marquette point out that the pressure on the Buckeyes is growing by the day.

Rupp figures Ohio State to go all the way, "but the pressure is mounting on them," he said Tuesday in an amplified telephone address to Chicago basketball writers.

Hickey, addressing the writers over the same hookup, agreed that Ohio State is hot, but added that Louisville could end the Buckeye string.

"Louisville is a senior club with fine height and perhaps the greatest collegiate outside shooter in 6-foot-5 John Turner," Hickey said.

The Marquette coach's team bowed to Louisville 75-50 Monday night.

Kirkland's Absence Arouses Judge's Ire

SAN FRANCISCO (AP)—While Kirkland, Cleveland Indian outfielder, failed to appear in court here Tuesday in a paternity case, the truancy so angered the judge that he threatened to have the player yanked off the field and sent to jail.

Judge Joseph Karesh ordered an attorney to have Kirkland in Superior Court Friday, adding:

"If I find Willie Kirkland guilty of contempt, I'll yank him right off the field when he comes to California to play baseball . . . I'll send him to jail."

Mrs. Margaret Edwards claims Kirkland, who was traded recently to the Indians from the San Francisco Giants, fathered the child she is expecting next month.

Joe Brown Scores Decision Over Parks

HOUSTON, Tex. (AP)—Joe Brown, the lightweight champion, took a unanimous decision Tuesday night over Joey Parks of Omaha in a 10-round nontitle bout.

Both Brown and Parks weighed in at 138.

Parks controlled the fight in the early rounds with a hard left and staggered the champion in one round. But he tired badly in the later rounds and Brown's smooth boxing made the difference.

The bout was a tuneup for Brown's April 18 title defense against Dave Charnley of London.

Fight Results

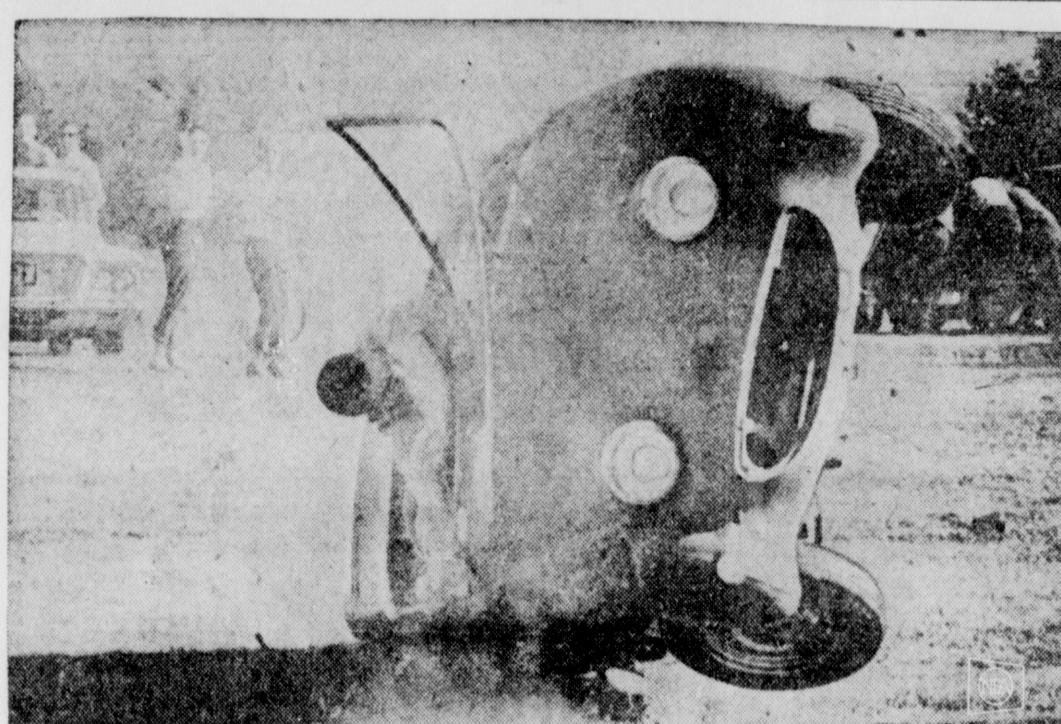

By The Associated Press
Houston, Tex. — Joe Brown, 138, Houston, outpointed Joey Parks, 138, Omaha, 10 (nontitle).
Beaumont, Tex. — Gene Leslie, 157, New Orleans, stopped Santiago Gutierrez, 160, San Antonio, 9.

Stockton, Calif. — Amos Johnson, 183, Stockton, knocked out Willie Gill, 178, Oakland, Calif., 7.
Yuma, Ariz. — Larry Maldonado, 192, Yuma, knocked out Jerry Gaines, 205, Des Moines, 5.
San Antonio, Tex. — Frankie Duran, 117, Austin, Tex., knocked out Henry Miramontes, 120, Dallas, 2.
London, England — Von Caly, 174, Philadelphia, outpointed Chic Calderwood, 175, Scotland, 10.

GIANTS MAKE IMPACT

Around Casa Grande, Ariz., where the San Francisco Giants are erecting a million and a half dollar spring training base for their minor league teams, you can get a good example of the impact of baseball on its exercise areas.

Since the Giants started constructing a vast desert complex there, the Sporting News reports this week, land prices in the area have zoomed from \$5 an acre to as much as \$900.

Cites Buckeyes' Goals

OSU Captain Mixes Philosophy, Basketball

By HAL PARIS

COLUMBUS, Ohio (AP)—Larry Siegfried, the Ohio State captain from Shelby, likes to mix philosophy and basketball.

The brilliant Buckeye floor leader had a few choice words when advised Tuesday that unbeaten Ohio State had been acclaimed the nation's best team in the final Associated Press poll.

"It's an honor that we'd enjoy more after the season," Siegfried said with a note of seriousness.

"After all," he continued, "we have enough honors to defend already. Sure it's nice getting our guys named to All-America teams. But what we want most is that second NCAA title. We really don't have the time to think about honors. Being named No. 1 in the country won't mean very much if someone beats us down in Louisville."

Siegfried, of course, was referring to Ohio State's scheduled appearance in the Kentucky city March 17 when the Buckeyes start firing for keeps in the Mid-East Regional.

Coach Fred Taylor's crew has collected 23 straight victims for the trophy room this season. Five

more at the tail end of last season gives the Bucks a string of 23 straight, longest winning skein in the nation.

Ohio already has the Big Ten title in hand but Taylor still views the situation with apprehension.

"I'm real pleased they picked us for No. 1," Taylor said, "but right now beating Illinois Saturday in the Big Ten windup is our prime concern."

If the Bucks get by the Illini at Champaign, they'll become the first Western Conference quintet to notch a perfect season in league warfare in almost 20 years.

Ohio State has its sights on another goal—the first major college unbeaten season since North Carolina accomplished the feat in 1957.

There's a lot riding on every game and the amiable Taylor explains it this way:

"Naturally it's nice to be named the best in the country but it would be nice to get that kind of recognition at the end of the season. I have a real, good feeling about the team. We have had some squeakers but these kids have worked hard and deserve all the honors they get."

The Barber Shop Quartet program scheduled Thursday night at United High School, has been postponed indefinitely, according to the United Booster Club, sponsors of the show.

This was the second time the program had to be postponed because of tournament basketball games involving the United Golden Eagles.

Psychological Factors Favor Johansson

MIAMI BEACH, Fla. (AP)—Ingemar Johansson has a couple of psychological factors going for him in his third title fight with heavyweight champion Floyd Patterson.

The odds and a heavy majority of the experts are strongly in favor of Patterson for the Monday night clash at Convention Hall.

For Ingo this is good. The odds-makers and the experts in the main have been wrong 2 for 2 so far. Patterson was the 5-1 betting choice and the overwhelming pick of the writers and sportscasters in the first fight. Pow, right in the kisser and Floyd is no longer the champ.

The next time around the odds favored Ingo at 7-5 and most of the experts couldn't see anyone but the big Swede. Then boom went Floyd's left hook in the vicinity of the cleft of Ingo's chin and Johansson becomes the ex-champ.

The switch is on again Patterson once more is almost a prohibitive choice at 3½ to 1 and the baffled experts once more are plumping for Floyd's power.

5 Previous Winners To Vie In Pensacola

PENSACOLA, Fla. (AP)—The \$20,000 Pensacola Open golf tournament starts Thursday with all five of the previous winners on hand.

Last year's champion, Arnold Palmer, turned in an eight-under-par 64 practice round. The earlier Pensacola winners are Don Fairfield, Art Wall Jr., Doug Ford and Paul Harney.

Of the nine winners on the PGA circuit this year, only Billy Maxwell is missing. He is playing on the Caribbean tour. Palmer has won three of the nine 1961 tournaments.

Four Masters champions, Palmer, Wall, Ford and Cary Middlecoff, are seeking the title here. The field of 150 also includes five PGA titlists, Chandler Harper, Bob Rosburg, Lionel Hebert, Dow Finsterwald and Ford.

The 72-hole tournament will be played over the Pensacola Country Club course.

Steubenville Secures Berth In NAIA Classic

By The Associated Press
Steubenville has become the seventh Ohio college team to gain a berth in a postseason national basketball tournament—the Barons heading for the NAIA classic at Kansas City.

The Ohio River school edged Ashland 61-60 in the final round of the NAIA District 22 play-off at Defiance Tuesday night.

The Barons, 16-10 for the season, took the lead for good with 3:20 remaining on a jump shot by Chuck Zerger. The score had been tied 11 times and the lead changed hands on 12 occasions.

Steubenville placed two men on the all-tournament team — Ron Sax and Bill Rahuba, who topped the scoring Tuesday night with 18 points. Ashland also put two on the select quintet—Boze Johnson and Larry Augler. Defiance's Ray Etzler was the fifth member.

An eighth Ohio school may get aboard the tournament train. The NCAA announced that the winner of Saturday's Xavier-Loyola of Chicago game will receive the at-large spot in the Mid-East Regional tournament at Louisville. If the Musketeers claim the spot it will mean three Ohio teams will square off in that NCAA play-off. Ohio State and Ohio University already have won berths. A fourth Buckeye school—cross-town Xavier rival, Cincinnati—plays in the Midwest Regional.

Wittenberg and Youngstown will take part in the NCAA college division tournament, colliding at Crawfordsville, Ind., Friday night.

In two other games Tuesday night, the season finale for the four teams involved, Case Tech's Rough Riders rode over Hiram 81-58 and Fenn, on a 31-point

scoring burst by Tony Fedor, handed Western Reserve its 10th straight defeat, 75-63. The final records for the schools: Case 15-3, Hiram 4-17, Fenn 4-15 (three of the wins coming in the last four games) and Western Reserve 6-12.

OUT OF DOORS with Field & Stream

By RUFUS LIDE

A received a card in the mail, recently from Richard Doak of Salem, offering his services as a skin diver to make an under-water survey of the fish kill in our local state lakes.

Actually, I don't know if all the fish that have died of suffocation float to the surface or submerge to the bottom, but I have seen plenty floating. Skin divers can soon find out.

I contacted Richard at his home and in discussing the situation he offered his services to farm pond owners as well. Not only could his services be used to determine a fish kill but he also could do visual surveys regarding the live fish.

Maybe you pond owners would like to know if there are any big fish left in your pond. In that case get in touch with him by telephone, ED 2-5730. There are no charges for his services. Not only that, but he has friends who do skin diving as well and it might take three or four to make the survey.

DON'T WORRY about these skin divers getting drowned or something happening that would be grounds for any kind of suits. Richard says they will sign any liability. One thing is for sure, if there were any dangers involved, the boys would forget about it.

The temperature of the water means nothing to these divers and they were ready to go as soon as the ice went away. They wear insulated diving suits to keep comfortable. The suits must be in the right condition before diving will be effective as visibility

I INTEND to be present when possible when the divers go to work as I would like to gain a little knowledge about a visual under-water survey. How many times have you wished you could stick your head under water and look at the fish, even if they won't bite?

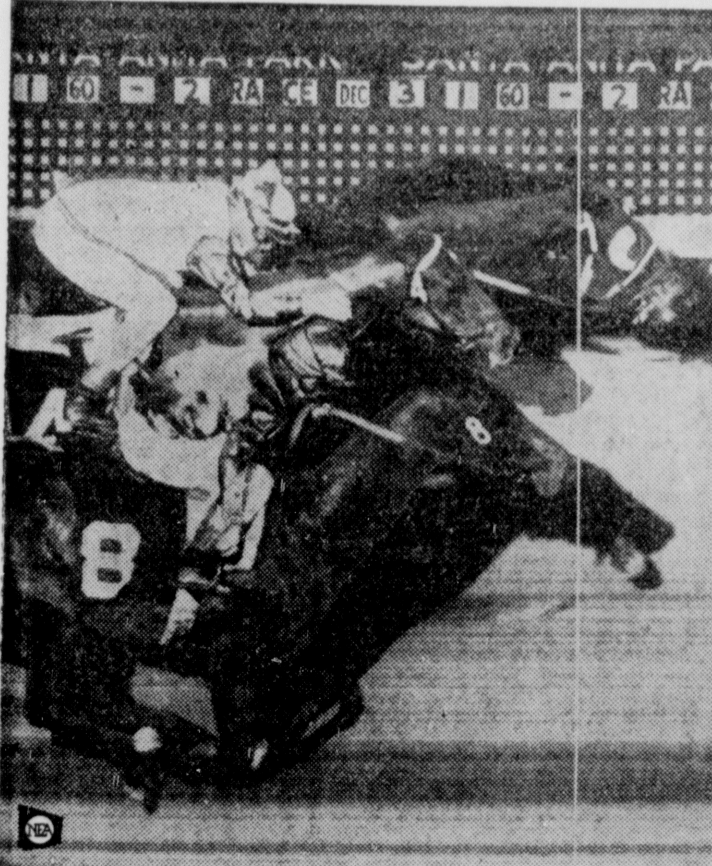

I have often wondered when out fishing how many big fish made a pass at my lure and decided it was not good to eat! Knowing big fish exist helps a lot even if you go home empty handed. You keep hoping for the time when you connect.

Already, Rudy Drotleff, Butler Township, has requested a survey of his pond to see if any of the trout stocked a couple of years ago, exist. Trout are more sensitive to underwater movements than bass or bluegills.

IN THIS CASE it will take one man to move around under water while two others do most of the looking while the trout take off towards the other end of the pond.

I also suggest that one of these advertised "fish callers" be used. One of these little battery operated gadgets that are supposed to imitate the sound of a buzzing insect. Even a short pole with a short line and a night crawler dangling off the end of a hook might be effective when skin diving.

Whatever they would like to do in an experimental way could be enlightening. You can get in touch with me by phone, Damascus JE 7-4842, and I will pass the word along and give all assistance possible.

WHY A JOCKEY? — After dumping Bill Harmaiz, Ourloc instinctively took to the rail and headed the official winner, Quiet Water, 8, and Miss Vanguard in drive at Santa Anita.

A Word From ...

THERON'S OLD COUNTRY STORE

Columbiana-Lisbon Road

Plazas were all the rage, but the latest is that they are losing their popularity. The coming thing is everything in one big building. I know I would like it that way if I were doing my weekly shopping. This has been our idea for a long time and people seem to be going for it in a big way.

RESEMBLING A MISSILE being raised into firing position, the torpedolike object on the end of a crane, top photo, is one of two pods carried in the underbelly of a B-58 Hustler bomber. The smaller pod, designed to carry a nuclear bomb, is being mated to the larger one which carries fuel. Both will then be attached to the bomber. • A B-58 takes off, bottom, at Convair's Fort Worth, Tex., plant. Hung between its long, storklike legs is the two-in-one pod. One of the fastest aircraft in the world, the Hustler has set several speed records, hitting as high as 14,000 m.p.h.
